**The European Blood and Marrow Transplantation Textbook for Nurses** Michelle Kenyon 2018-03-14 This book is open access under a CC BY 4.0 license. This textbook, endorsed by the European Society for Blood and Marrow Transplantation (EBMT), provides adult and paediatric nurses with a full and informative guide covering all aspects of transplant nursing, from basic principles to advanced concepts. It takes the reader on a journey through the history of transplant nursing, including essential and progressive elements to help nurses improve their knowledge and benefit the patient experience, as well as a comprehensive introduction to research and auditing methods. This new volume

specifically intended for nurses, complements the ESH-EBMT reference title, a popular educational resource originally developed in 2003 for physicians to accompany an annual training course also serving as an educational tool in its own right. This title is designed to develop the knowledge of nurses in transplantation. It is the first book of its kind specifically targeted at nurses in this specialist field and acknowledges the valuable contribution that nursing makes in this area. This volume presents information that is essential for the education of nurses new to transplantation, while also offering a valuable resource for more experienced nurses who wish to update their knowledge.

**10-Minute Brain Teasers** Gareth Moore 2010-07-08 Do you easily forget phone numbers or birthdays? Do you often lose your car keys? Are there times when you just can't remember your bank card PIN? Do you lose focus at work by mid-afternoon? If you answered yes to any of those questions, then you need to sharpen your mental reflexes, fire those synapses, and give your brain a good, hard, and fun workout! 10-Minute Brain Teasers provides practical and necessary advice on how to keep your brain in tip-top shape. From logic tests to word squares to Kakuro puzzles, this book has the essential brain teasers for keeping your gray matter healthy. If you are looking to be able to focus during those long meetings or you just want to keep your mind sharp, these puzzles will be sure to increase your brain efficiency while providing a ten-minute workout for your cognitive lobes. Like any workout, the brain teasers in this book start off slow and become increasingly challenging as you progress from simple memory tests to verbal-reasoning exercises. In the end, you'll have a stronger, fitter mind—and you'll have had fun in the process.

**Math Perplexors** Greg Gottstein 2007 "All the information you need to solve the mystery is in the puzzle story; everything you need to deduce, reason and organize your thoughts is in the handy grid below." -- publisher's website.

**The New Puzzle Classics** Serhiy Grabarchuk 2005 Here is a challenge that puzzle fans will find simply irresistible: a really smart, varied, and original collection of more than 200 contemporary brainteasers. Some are visual, others geometric, and still more are topological. They play games with words and numbers, and with matchsticks and coins. And many of them are of World Puzzle Championship level; in other words, really hard.
