New Orleans City Guide Works Progress Administration 2011-08-15 In 1938, under the direction of novelist and historian Lyle Saxon, The Federal Writers' Project of the Works Progress Administration produced this delightfully detailed portrait of New Orleans. Containing recipes, photographs and folklore, it is consistently hailed as one of the best books produced about the city. Remarkably, many of the sites and attractions the

WPA chronicled in 1938 are still around today.

Occult Roots of Religious Studies Yves Mühlematter 2021-06-08 The historiographers of religious studies have written the history of this discipline primarily as a rationalization of ideological, most prominently theological and phenomenological ideas: first through the establishment of comparative, philological and sociological methods and secondly through the demand for intentional neutrality. This interpretation caused important roots in occult-esoteric traditions to be repressed. This process of “purification” (Latour) is not to be equated with the origin of the academic studies. De facto, the elimination of idealistic theories took time and only happened later. One example concerning the early entanglement is Tibetology, where many researchers and respected chair holders were influenced by theosophical ideas or were even members of the Theosophical Society. Similarly, the emergence of comparatistics cannot be understood without taking into account perennialist ideas of esoteric provenance, which hold that all religions have a common origin. In this perspective, it is not only the history of religious studies which must be revisited, but also the partial shaping of religious studies by these traditions, insofar as it saw itself as a counter-model to occult ideas.

The Repressed Memory Epidemic Mark Pendergrast 2017-10-13 This book offers a comprehensive overview of the concept of repressed memories. It provides a history and context that documents key events that have had an effect on the way that modern psychology and psychotherapy have developed. Chapters provide an overview of how human memory functions and works and examine facets of the misguided theories behind repressed memory. The book also examines the science of the brain, the reconstructive nature of human memory, and studies of suggestibility. It traces the present-day resurgence of a belief in repressed memories in the general public as well as among many clinical psychologists, psychiatrists, social workers, “body workers,” and others who offer counseling. It concludes with legal and professional recommendations and advice for individuals who deal with or have dealt with the psychotherapeutic practice of repressed memory therapy. Topics featured in this text include: The modern diagnosis of Dissociative Identity Disorder (DID)

(once called MPD) The “Satanic Panic” of the 1980s and its relation to repressed memory therapy. The McMartin Preschool Case and the “Day Care Sex Panic.” A historical overview from the Great Witch Craze to Sigmund Freud’s theories, spanning the 16th to 19th centuries. An exploration of the cultural context that produced the repressed memory epidemic of the 1990s. The repressed memory movement as a religious sect or cult. The Repressed Memory Epidemic will be of interest to researchers and clinicians as well as undergraduate and graduate students in the fields of psychology, sociology, cultural studies, religion, and anthropology.

Contemporary Hollywood Masculinities Susanne Kord 2011-12-15 A CHOICE Outstanding Academic Title for 2012! Contemporary Hollywood Masculinities traces changing concepts of masculinity in popular Hollywood blockbusters from 1992 to 2008 - the Clinton and Bush eras - against a backdrop of contemporary political events, social developments, and popular American myths. Kord and Krimmer investigate the most common male types - cops, killers, fathers, cowboys, superheroes, spies, soldiers, rogues, lovers, and losers. Their in-depth analyses of over sixty films, from The Matrix and Iron Man to Pirates of the Caribbean and The Lord of the Rings, from Wedding Crashers and Mr. & Ms. Smith to War of the Worlds and The 40-Year Old Virgin, show that movies, far from being mere entertainment, respond directly to today's social and political realities, from consumerism to "family values" to the War on Terror.

Fairy Tale as Myth/Myth as Fairy Tale Jack Zipes 2013-04-06 " Explores the historical rise of the literary fairy tale as genre in the late seventeenth century. In his examinations of key classical fairy tales, Zipes traces their unique metamorphoses in history with stunning discoveries that reveal their ideological relationship to domination and oppression. Tales such as Beauty and the Beast, Snow White and the Seven Dwarves, and Rumpelstiltskin have become part of our everyday culture and shapers of our identities. In this lively work, Jack Zipes explores the historical rise of the literary fairy tale as genre in the late seventeenth century and examines the ideological relationship of classic fairy tales to domination and oppression in Western society. The fairy tale received its most "mythic" articulation in America. Consequently, Zipes sees Walt Disney's Snow White as an expression of American male individualism, film and literary interpretations of L. Frank Baum's The Wizard of Oz as critiques of American myths, and Robert Bly's Iron John as a misunderstanding of folklore and traditional fairy tales. This book will change forever the way we look at the fairy tales of our youth.

Spaces of Identity David Morley 2002-09-11 We are living through a time when old identities - nation, culture and gender are melting down. *Spaces of Identity* examines the ways in which collective cultural identities are being reshaped under conditions of a post-modern geography and a communications environment of cable and satellite broadcasting. To address current problems of identity, the authors look at contemporary politics between Europe and its most significant others: America; Islam and the Orient. They show that it's against these places that Europe's own identity has been and is now being defined. A stimulating account of the complex and contradictory nature of contemporary cultural identities.

The Oath A.M. Linden 2021-06-15 When the last of members of a secretive Druid cult are forced to abandon their hidden sanctuary, they send the youngest of their remaining priests in search of Annwr, their chief priestess’s sister, who was abducted by a Saxon war band fifteen years ago. With only a rudimentary grasp of English and the ambiguous guidance of an oracle’s prophecy, Caelym manages to find Annwr living in a hut on the grounds of a Christian convent. Annwr has spent her years of captivity caring for the timid Aleswina, an orphaned Saxon princess who was consigned to the cloistered convent by her cousin, King Gilberth, after he assumed her father’s throne. Just as Caelym and Annwr are about leave together, Aleswina

learns that Gilberth, a tyrant known for his cruelty and vicious temper, means to take her out of the convent and marry her. Terrified, she flees with the two Druids—beginning a heart-pounding adventure that unfolds in ways none of them could have anticipated.

The Great Mistake Jonathan Lee 2021-06-15 An exultant novel of New York City at the turn of the twentieth century, about one man's rise to fame and fortune, and his mysterious murder—“engrossing” (Wall Street Journal), “immersive” (The New Yorker), and “seriously entertaining” (The Sunday Times, London). Andrew Haswell Green is dead, shot at the venerable age of eighty-three, when he thought life could hold no more surprises. The killing—on Park Avenue in broad daylight, on Friday the thirteenth—shook the city. Born to a struggling farmer, Green was a self-made man without whom there would be no Central Park, no Metropolitan Museum of Art, no Museum of Natural History, no New York Public Library. But Green had a secret, a life locked within him that now, in the hour of his death, may finally break free. A work of tremendous depth and

piercing emotion, *The Great Mistake* is the story of a city transformed, a murder that made a private man infamous, and a portrait of a singular individual who found the world closed off to him—yet enlarged it.

Speaking Out Jack Zipes 2004-11-15 In his successful *Creative Storytelling*, Jack Zipes showed how storytelling is a rich and powerful tool for self-expression and for building children's imaginations. In *Speaking Out*, this master storyteller goes further, speaking out against rote learning and testing and for the positive force within storytelling and creative drama during the K-12 years. For the past four years, Jack Zipes has

worked with the Neighborhood Bridges Program of the Children's Theatre Company of Minneapolis, taking his storytelling techniques into inner-city schools. *Speaking Out* is in part a record of the transformations storytelling can work on the minds and lives of young people. But it is also a vivid and exhilarating demonstration of a different kind of education - one built from deep inside each child. *Speaking Out* is a book for storytellers, educators, parents, and anyone who cares about helping kids find within themselves the keys to imagination.
