Age is Just a Number Charles Eugster

2018-03-20 Retired dental surgeon Charles Eugster rekindled a love of competitive rowing he'd neglected for most of his adult life at the age of 63. He took up bodybuilding at the age of 87. And at the age of 95 he started sprinting for the first time in his life, becoming World Champion at 200m indoor and 400m outdoor. He is a world record holder for his age group in a number of sports, and has 40 Gold Medals for World Masters Rowing. In this book, Charles shares his journey and his passionate belief that growing

older needn't slow you down. And he shows his readers how taking on new challenges, learning new things, and improving your body as it ages is not only fun, but rewarding for the individual, and beneficial to society.

Body Reshaping Through Muscle and Skin

Meridian Therapy Jeonhee Jang 2016-05-23 Body Reshaping through Muscle and Skin Meridian Therapy: An Introduction to 6 Body Types shows

you how your weight and body shape can be a direct result of ill health and explains the structures and functions involved. It explores much more than just what your scale and the fit of your clothes might tell you. It looks at skin, fat, muscles, diaphragm, historical illnesses or injuries, body posture, body clock or circadian rhythm, digestion, blood vessels, nutrition, sympathetic nervous system, parasympathetic nervous system, and enteric nervous system. By examining the above factors, you will learn how they contribute toward changes in body shape (notice no mention of dieting or exercise). Muscle

meridian therapy refers to the passive application of treatments to muscles not connected to any major organ. The techniques involved improve all the metabolic balances of the body (pressure, temperature, and balance) as well as your overall health. Therapies can benefit all people, including those with traumas such as digestive system disorders, autonomic nerve system disorders, medication complications, post-childbirth complications, major scarring, posture issues, and pain management. The author provides the traditional Chinese medicine (TCM) tools and techniques needed for practitioner-guided

wellness or at-home wellness understanding and maintenance. The book offers a full guide to "body type" evaluation for muscle meridian therapy and presents a "passive" therapy method (like massage or acupuncture) to complement "active" therapies (like physical therapy and exercise). It covers concepts that are highly individualized yet very "whole body" for physical restoration and balance.

The Harvard Medical School Guide to Tai Chi
Peter Wayne 2013-04-09 Conventional medical science on the Chinese art of Tai Chi now shows what Tai Chi masters have known for centuries:

regular practice leads to more vigor and flexibility, better balance and mobility, and a sense of well-being. Cutting-edge research from Harvard Medical School also supports the long-standing claims that Tai Chi also has a beneficial impact on the health of the heart, bones, nerves and muscles, immune system, and the mind. This research provides fascinating insight into the underlying physiological mechanisms that explain how Tai Chi actually works. Dr. Peter M. Wayne, a longtime Tai Chi teacher and a researcher at Harvard Medical School, developed and tested protocols similar to the simplified program he

includes in this book, which is suited to people of all ages, and can be done in just a few minutes a day. This book includes:

- The basic program, illustrated by more than 50 photographs
- Practical tips for integrating Tai Chi into everyday activities
- An introduction to the traditional principles of Tai Chi
- Up-to-date summaries of the research literature on the health benefits of Tai Chi
- How Tai Chi can enhance work productivity, creativity, and sports performance
- And much more

Home Massage Therapy Dahn Healer School
2004 In this book, Dahn Healer School presents

Dahnhak Hwalgong as a home massage therapy method. Dahnhak Hwalgong is a traditional health regimen that originated in ancient Korea and means "healing hands." This is a healing method that can easily be administered anywhere without necessity for special tools. The greatest advantage of Dahnhak Hwalgong is that anyone can easily follow the simple steps to care for health of body and mind. Dahnhak Hwalgong maximizes healing capacity by stimulating relaxation points associated with acupressure points, meridians, and organs of the body.

Dahnhak Kigong Ilchi Lee 2013-05-01 Dahnhak

Kigong is an ideal combination of physical and mental training formulated by Ilchi Lee on his journey to enlightenment. Lee created each movement of Dahnhak Kigong while in a deep meditative state. Dahnhak Kigong is a training method that maximizes the potential of body and mind by gathering and using Ki energy, the ultimate life force of the universe. This practice uses a combination of concentration exercises and Kigong movements. Through them you will discover the original natural rhythm and order of life, and achieve balance by reawakening Ki energy sensations in your body. You can feel

their gentle power and innate serenity through this practice.

The Healer Within Roger O.M.D. Jahnke

2013-07-02 Release your natural powers for healing, endurance, and longevity With this revolutionary guide, you will learn four simple and remarkably effective techniques to release your natural powers for healing. The methods—gentle movement, self-applied massage, breathing exercises, and meditation—are drawn from the ancient Chinese healing system of Qigong (Chi Kung) and are easily adaptable to every lifestyle.

You can practice them almost anywhere—in the car, in line at the bank, at your desk, while walking, even in bed. Using these methods for as little as ten minutes a day can dramatically increase your endurance, vitality , and longevity. Self-care has never been so easy!

Meridian Massage Cindy Black 2015-12-12 The meridian pathways of the human body were mapped out by gifted healers in China thousands of years ago. Working with the invisible energy (Qi) that flows through these pathways, they were able to heal illness. Perhaps more importantly, they were able to support vitality in ways that

prevent illness and encourage wellness. Vitality is an expression of energy. Meridian Massage is a hands-on modern application of this ancient wisdom to balance mind, body, and spirit for health and happiness. Knowing how to work directly with energy opens a powerful dimension for massage therapists and bodyworkers to access through their work. An organized and practical integration of modern energy work and ancient Chinese medicine, Meridian Massage can complement any form of hands-on healing.

Accessing the Healing Power of the Vagus Nerve

Stanley Rosenberg 2017-12-19 This practical

guide to understanding the cranial nerves as the key to our psychological and physical well-being builds on Stephen Porges's Polyvagal Theory—one of the most important recent developments in human neurobiology. Drawing on more than thirty years of experience as a craniosacral therapist and Rolfer, Stanley Rosenberg explores the crucial role that the vagus nerve plays in determining our psychological and emotional states and explains that a myriad of common psychological and physical symptoms—from anxiety and depression to migraines and back pain—indicates a lack of

proper functioning in the vagus nerve. Through a series of easy self-help exercises, the book illustrates the simple ways we can regulate the vagus nerve in order to initiate deep relaxation, improve sleep, and recover from injury and trauma. Additionally, by exploring the link between a well-regulated vagus nerve and social functioning, Rosenberg's findings and methods offer new hope that by improving social behavior it is possible to alleviate some of the symptoms at the core of many cases of autism spectrum disorders. Useful for psychotherapists, doctors, bodyworkers, and caregivers, as well as anyone

who experiences the symptoms of chronic stress and depression, this book shows how we can optimize autonomic functioning in ourselves and others, and bring the body into the state of safety that activates its innate capacity to heal.

Energetics in Acupuncture Radha Thambirajah
2010-10-29 New title by the author of *Cosmetic Acupuncture!* Energetics is an area of growing interest and importance in acupuncture.
Acupuncture treatment aims to correct the

imbalance of energy, or qi; energetics is a method of diagnosing which aspects of qi are out of balance. Energetics in Acupuncture provides a straightforward diagnostic method of identifying which aspects of the qi are out of balance and therefore what acupuncture treatment is required. One symptom can be caused by many different imbalances of organs and it is essential for the therapist to correctly diagnose the problem before commencing treatment. Once the correct diagnosis is made, the relevant points can be treated with appropriate techniques. The book takes a logical approach to diagnosis and

provides relevant lines of questioning and reasoning. FEATURES *Treatments are described for over 80 different diseases. *Innovative visual ‘towers’ show clearly what an energy imbalance looks like * Case studies illustrate imbalanced states.

Connect Ilchi Lee 2019-07-15 The solution to your problems starts with connecting to yourself. An inspirational guide to a powerful meditation method for greater clarity, consciousness, and spiritual growth by New York Times bestselling author and world-renowned meditation teacher Ilchi Lee. Are you feeling stuck in your current

situation or your life in general? Are you having trouble managing stress? Have you sought answers at spiritual retreats without getting the clarity you need? Relief can be closer than you think if you reframe how you look at your problems. New York Times bestselling author Ilchi Lee proposes there is one root cause to all the troubles plaguing us—separation. We put up walls in every aspect of our lives, isolating ourselves. Those walls keep us from forming healthy relationships with others, with nature, and even with ourselves. But separation has a simple cure—finding a way to connect. In *Connect: How*

to Find Clarity and Expand Your Consciousness with Pineal Gland Meditation, Lee shows how to connect to your authentic self through the pineal gland in your brain. Activate your pineal gland through the meditations rooted in an ancient Korean tradition that Ilchi Lee describes in this book. You'll experience clarity instead of emotion, compassion rather than judgment, and wholeness in place of separation. This book will help you find the solutions you seek by opening the inner eye that leads to greater clarity regarding the health of your body, the dreams of your soul, and the wisdom of your spirit. The Power Brain Ilchi Lee 2016-04-15 Our brains are a thousand times more incredible than anything else we will ever encounter. Every great accomplishment human beings have achieved was the work of the brain. In fact, our brains possess infinite potential that allows us to do and be anything. By using this potential well, we become a "Power Brain" that can not only create our personal fate, but that of the entire planet. To develop our brains' potential, it's useful to liken the brain to a computer with an operating system. We have a Brain Operating System (BOS)

composed of our beliefs and preconceptions that we can change and upgrade until our brains run optimally. Recognizing the potential in our brain beyond what we've been able to use so far, Ilchi Lee began investigating brain development principles and methods. He compiled them into a comprehensive self-development system with five steps called Brain Education. Refined over the years by new scientific research and the experiences of those who use it, Brain Education has become an academic discipline that's presented in a variety of ways, including school educational programs and corporate training.

While *The Power Brain* is primarily about the brain, this book does not focus on the anatomical or neuro-physiological functions of the brain. Rather, it serves as a Brain Operating System user's manual that describes how to use our brain to discover our value, recreate the story of our lives, and claim a new destiny. Improving our lives, and consequently, our world, through brain development is a skill that anyone can understand, practice, and apply to everyday life.

Healing Chakras Ilchi Lee 2009 The Chakras are the seven key energy centers of our body. When all seven Chakras are active and functioning

optimally, we live a life of physical, mental, and spiritual health. Healing Chakras combines a deep underlying spiritual philosophy with a systemic chakra therapy method designed to activate, cleanse, balance, and integrate the individual Chakras in order to create a harmonious and holistic Chakra System. One of several factors that separate this book from other Chakra healing books is that the principles behind it are derived from The Heavenly Code, the 10,000-year-old sacred text of Korean-Asian tradition. Within its short 81-letter text, The Heavenly Code summarizes the eternal, universal

truths about life, death, evolution, and completion. Also unique to Healing Chakras is the CD of chakra meditations, some involving chakra colors, as well as other energy sensitizing and activating exercises. It includes live music performed by the author himself using only instruments with natural sounds such as the flute, rain stick, Indian drums, and vibraphone, among others. Healing Chakras will enhance your physical and spiritual growth for years to come. Through this chakra therapy system you will: Improve your clarity of thought and concentration Balance and stabilize your emotions and achieve inner peace Uncover your

passion and compassion Reduce stress and anxiety and create a feeling of groundedness

The Emotion Code Dr. Bradley Nelson 2019-05-07

"I believe that the discoveries in this book can change our understanding of how we store emotional experiences and in so doing, change our lives. The Emotion Code has already changed many lives around the world, and it is my hope that millions more will be led to use this simple tool to heal themselves and their loved ones."—Tony Robbins In this newly revised and expanded edition of *The Emotion Code*, renowned holistic physician and lecturer Dr.

Bradley Nelson skillfully lays bare the inner workings of the subconscious mind. He reveals how emotionally-charged events from your past can still be haunting you in the form of "trapped emotions"—emotional energies that literally inhabit your body. These trapped emotions can fester in your life and body, creating pain, malfunction, and eventual disease. They can also extract a heavy mental and emotional toll on you, impacting how you think, the choices that you make, and the level of success and abundance you are able to achieve. Perhaps most damaging of all, trapped emotional energies can gather around your heart,

cutting off your ability to give and receive love. The Emotion Code is a powerful and simple way to rid yourself of this unseen baggage. Dr. Nelson's method gives you the tools to identify and release the trapped emotions in your life, eliminating your "emotional baggage," and opening your heart and body to the positive energies of the world. Filled with real-world examples from many years of clinical practice, The Emotion Code is a distinct and authoritative work that has become a classic on self-healing.

Heal Yourself Naturally Now Hongchi Xiao

2018-04-04 Join millions of other self-healers and be part of a worldwide self-healing movement. Slap and stretch to rejuvenate your health. Simple, spontaneous, free, and very effective! Sounds unbelievable? This is what Heal Yourself Naturally Now is all about. We all saw the purple spots on Michael Phelps' back during his swimming competition at the 2016 Olympics in Rio. As reported by CNN and Huffington Post, these purple spots are the results of a Chinese healing technique called "cupping," which keeps the athletes "injury free and speeds recovery." For centuries, based on the same principle, as

stated in the oracle of Chinese Medicine, Yellow Emperor's Inner Canon, there exists a much more effective technique for self-healing: PaidaLajin. Over the last several years, PaidaLajin has been spread into 30-plus countries, healing millions of people from: -Chronic pain on the back, knee, neck, etc. -Immune disorders: diabetes, hypertension, tumor, insomnia, depression, arthritis, stroke sequelae, Alzheimer's, prostate issues, etc. -Acute illnesses: heart attack, stroke, stomach pain, menstrual pain, etc. -Gynecological issues: fibroids, cysts, anti-aging, weight management, etc. -Skin diseases: Psoriasis,

lupus, herpes, Urticaria, etc. Trying this technique for yourself is the only way to find out. It takes no more than two weeks to witness its effectiveness. Don't just read this book. Try it. The results will astound you.

Trauma Releasing Exercises (TRE) David Berceci 2005-05 This book explains many aspects of the trauma recovery process in uncomplicated language and uses basic concepts for the non-professional. It includes the ground-breaking, Trauma Releasing Exercises (TRE). These exercises elicit mild psychogenic tremors that release deep chronic tension in the body and

assist the individual in the trauma healing process.

The Tapping Solution Nick Ortner 2013-04-02 Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of The Tapping Solution, is at the forefront of a new healing movement. In his upcoming book, The Tapping Solution, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy

meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the

practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs

that hold them back from creating the life they want.

Ikigai Héctor García 2017-08-29

INTERNATIONAL BESTSELLER • 1.5 MILLION+ COPIES SOLD WORLDWIDE “Workers looking for more fulfilling positions should start by identifying their ikigai.” □Business Insider “One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life.” □Forbes Find your ikigai (pronounced ee-key-guy) to live longer and bring more meaning and joy to all your days. “Only staying active will make you want to live a hundred years.” —Japanese proverb According to

the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world’s longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what you’re good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It’s the reason we get up in the morning. It’s also the reason many Japanese never really retire (in fact there’s no word in Japanese that means retire in the sense it does in English): They remain active and work at what

they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in

every day?
