Representative Selections Edgar Allan Poe 1962

Edgar Allan Poe Arthur Hobson Quinn 1997-11-25 Renowned as the creator of the detective story and a master of horror, the author of "The Red Mask of Death," "The Black Cat," and "The Murders of the Rue Morgue," Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success. "The Raven" and "The Tell-Tale Heart" have been read as signs of his personal obsessions, and "The Fall of the House of Usher" and "The Descent into the Maelstrom" as symptoms of his own mental collapse.

Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe's life. Against this tide of fancy, guesses, and amateur psychologizing, Arthur Hobson Quinn's biography devotes itself

meticulously to facts. Based on exhaustive research in the Poe family archive, Quinn extracts the life from the legend, and describes how they both were distorted by prior biographies. "

The Arthurian Revival Debra Mancoff 2014-08-13 Discrete inquiries into 15 forms of the Arthurian legends produced over the last century explore how they have altered the tradition. They consider works from the US and Europe, and those aimed at popular and elite audiences. The overall conclusion is that the "Arthurian revival" is an ongoing event, and has become multivalent, multinational, and multimedia. Originally published in 1992.

Merlin, Merlin, Merlin Michael Skupin 2009-05-01 Merlin, Merlin, Merlin examines early and modern versions of this important figure in the legend of Arthur. The most unusual of these versions is the medieval Latin epic Vita Merlini (“the life of Merlin”), which is discussed in a thorough, yet reader-friendly way. ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏ ❏

The Histrionic Mr. Poe Nathan Bryllion Fagin 1949

Discoveries in Poe Burton Ralph Pollin 1970

The Reason for the Darkness of the Night John Tresch 2021-06-15 Finalist for the Los Angeles Times Book Prize | Finalist for the 2022 Edgar Award An innovative biography of Edgar Allan Poe—highlighting his fascination and feuds with science. Decade after decade, Edgar Allan Poe remains one of the most popular American writers. He is beloved around the world for his pioneering detective fiction, tales of horror, and haunting, atmospheric verse. But what if there was another side to the man who wrote “The Raven” and “The Fall of the House of Usher”? In *The Reason for the Darkness of the Night*, John Tresch offers a bold new biography of a writer whose short, tortured life continues to fascinate. Shining a spotlight on an era when the lines separating entertainment, speculation, and scientific inquiry were blurred, Tresch reveals Poe’s obsession with science and lifelong ambition to advance and question human knowledge. Even as he composed dazzling works of fiction, he remained an avid and often combative commentator on new discoveries, publishing and hustling in literary scenes that also hosted the era’s most prominent scientists, semi-scientists, and pseudo-intellectual rogues. As one newspaper put it, “Mr. Poe is not merely a man of science—not merely a poet—not merely a man of letters. He is all combined; and perhaps he is something more.” Taking us through his early training in mathematics and engineering at West Point and the tumultuous years that followed,

Tresch shows that Poe lived, thought, and suffered surrounded by science—and that many of his most renowned and imaginative works can best be understood in its company. He cast doubt on perceived certainties even as he hungered for knowledge, and at the end of his life delivered a mind-bending lecture on the origins of the universe that would win the admiration of twentieth-century physicists. Pursuing extraordinary conjectures and a unique aesthetic vision, he remained a figure of explosive contradiction: he gleefully exposed the hoaxes of the era’s scientific fraudsters even as he perpetrated hoaxes himself. Tracing Poe’s hard and brilliant journey, *The Reason for the Darkness of the Night* is an essential new portrait of a writer whose life is synonymous with mystery and imagination—and an entertaining, erudite tour of the world of American science just as it was beginning to come into its own.

Poe James M. Hutchisson 2005 "Poe reclaims the Baltimore and Virginia writer's reputation and power, retracing Poe's life and career. James M. Hutchisson captures the boisterous worlds of literary New York and Philadelphia in the 1800s to understand why Poe wrote the way he did and why his achievement was so important to American literature. The biography presents a critical overview of Poe's major works and his main themes, techniques, and imaginative preoccupations." "This portrait of the writer emphasizes Poe's southern identity. It traces his existence as a workaday journalist in the burgeoning magazine era and later his tremendous authority as a literary critic and cultural arbiter. To counter the long-lasting damage done by Poe's literary enemies, Hutchisson explores the far-reaching, posthumous influence Poe's literary and critical work exerted on the sister arts and on modern writers from Nietzsche to Nabokov."--BOOK JACKET.

The Letters of Edgar Allan Poe Edgar Allan Poe 1948

The Man of the Crowd Scott Peeples 2020-10-20 How four American cities shaped Poe's life and writings Edgar Allan Poe (1809–1849) changed residences about once a year throughout his life. Driven by a desire for

literary success and the pressures of supporting his family, Poe sought work in American magazines, living in the cities that produced them. Scott Peeples chronicles Poe's rootless life in the cities, neighborhoods, and rooms where he lived and worked, exploring how each new place left its enduring mark on the writer and his craft. Poe wrote short stories, poems, journalism, and editorials with urban readers in mind. He witnessed urban slavery up close, living and working within a few blocks of slave jails and auction houses in Richmond and among enslaved workers in Baltimore. In Philadelphia, he saw an expanding city struggling to contain its own violent propensities. At a time when suburbs were just beginning to offer an alternative to crowded city dwellings, he tried living cheaply on the then-rural Upper West Side of Manhattan, and later in what is now the Bronx. Poe's urban mysteries and claustrophobic tales of troubled minds and abused bodies reflect his experiences living among the soldiers, slaves, and immigrants of the American city. Featuring evocative photographs by Michelle Van Parys, *The Man of the Crowd* challenges the popular conception of Poe as an isolated artist living in a world of his own imagination, detached from his physical surroundings. The Poe who emerges here is a man whose outlook and career were shaped by the cities where he lived, longing for a stable home.

the colonial satire of Ebenezer Cook to the national anthem of Francis Scott Key to the acclaimed works of Poe, Mencken, Fitzgerald, and more. 48 illustrations.

Poe and the Printed Word Kevin J. Hayes 2000-05-25 Edgar Allan Poe continues to be a fascinating literary figure to students and scholars alike. Increasingly the focus of study pushes beyond the fright and amusement of his famous tales and seeks to locate the author within the culture of his time. In *Poe and the Printed Word*, Kevin Hayes explores the relationship between various facets of print culture and Poe's writings. His study provides a fuller picture of Poe's life and works by examining how the publishing opportunities of his time influenced his development as a writer. Hayes demonstrates how Poe employed different methods of publication as a showcase for his verse, criticism and fiction. Beginning with Poe's early exposure to the printed word, and ending with the ambitious magazine and book projects of his final years, this reappraisal of Poe's career provides an engaging account that is part biography, part literary history and part history of the book.

The Oxford Guide to Arthurian Literature and Legend Alan Lupack 2007-04-26 *The Oxford Guide to Arthurian Literature and Legend* offers a comprehensive survey of the Arthurian legends in all their manifestations, from the earliest medieval texts to their appearances in contemporary culture. Essential reading for Arthurian scholars, medievalists, and for those interested in myth and legend.

The Letters Edgar Allan Poe 1948

Edgar Allan Poe: Selected Poetry and Tales Edgar Allan Poe 2012-07-25 Edgar Allan Poe's stories and poems are among the most haunting and indelible in American literature, but critics for decades persisted in seeing Poe as an anomaly, or even an anachronism. His works, with their bizarrely motivated characters and mysterious settings, did not seem to be a part of the literature

of early nineteenth-century America. Critics realize now, though, that Poe was even more a part of the contemporary American literary scene than many of his more "nationalistic" peers, and that in much of his work Poe was making commentaries on slavery and Southern social attitudes, technology, the urban landscape, political economy, and other subjects. This Broadview Edition includes a selection of Poe's poems, tales, and sketches in such diverse modes of writing as tales of the supernatural and psychic conflict, satires and hoaxes, science fiction and detective fiction, and nonfiction essays on literary and social topics. These are supplemented by a selection of contextual documents—newspaper and magazine articles, treatises, and other historical texts—that will help readers understand the social, literary, and intellectual milieus in which Poe wrote.

American Literature Clarence Gohdes 1942 Since its inception, *American Literature* has been regarded as the preeminent periodical in its field. Written by established scholars as well as the newest and brightest young critics, *AL*'s thought-provoking essays cover a broad spectrum of periods and genres and employ a wide range of methodological and theoretical approaches--the best in American literary criticism. Each issue of *American Literature* contains articles covering the works of several American authors, from colonial to contemporary, as well as an extensive book review section; a "Brief Mention" section offering citations of new editions and reprints, collections, anthologies, and other professional books; and an "Announcements" section that keeps readers up-to-date on prizes, competitions, conferences, grants, and publishing opportunities.

Letters Edgar Allan Poe 1966

Poe and Place Philip Edward Phillips 2018-10-23 This collection of fifteen original essays and one original poem explores the theme of "place" in the life,

works, and afterlife of Edgar A. Poe (1809-1849). Poe and Place argues that “place” is an important critical category through which to understand this classic American author in new and interesting ways. The geographical “places” examined include the cities in which Poe lived and worked, specific locales included in his fictional works, imaginary places featured in his writings, physical and imaginary places and spaces from which he departed

and those to which he sought to return, places he claimed to have gone, and places that have embraced him as their own. The geo-critical and geo-spatial perspectives in the collection offer fresh readings of Poe and provide readers new vantage points from which to approach Poe’s life, literary works, aesthetic concerns, and cultural afterlife.
