Granular Modernism Beci Carver 2014 Granular Modernism understands the way that some modernist texts put themselves together as a way of pulling themselves apart. In this volume, Beci Carver offers a new way of reading Modernist texts, by drawing attention to the anomalies that make them difficult to summarise or simplify. Carver proposes that rather than trying to find the shapes of narrative or argument in their writing, the 'Granular Modernists'- - namely, Joseph Conrad, William Gerhardie, Evelyn Waugh, Henry Green, T.S. Eliot, W.H. Auden, and Samuel Beckett -- experiment in certain of their works in finding the shapelessness of a moment in history that increasingly confidently called itself 'modern', which was to call itself shapeless. The project of modernism in the late nineteenth and the first half of the twentieth century, was to find a story to tell about an era full of beginnings. The project of 'Granular Modernism' was to find a way of turning the inchoateness of the modern moment into art. Granular Modernism takes from the Naturalist movements of the nineteenth and early twentieth century its attentiveness to the process of mundane experiences like eating or waiting. But where Naturalism sets out to offer a complete picture of a way of life, Granular Modernism's eating and waiting fail to amount to anything more; to paraphrase Evelyn Waugh: 'The most they can hope for is a cumulative futility.' Frank Norris once described one of Stephen Crane's narrators as: 'a locust in a grain elevator attempting to empty the silo by carrying off one grain at a time.' Norris is being dismissive. But his image of pointless, meticulous, indefinite manoeuvre potentially defines the ambition of the Granular Modernists.

**Round and Round Together** Amy Nathan "A snapshot of the civil-rights movement in one city provides insight into the important role of individual communities as change moved through the country...a case study of how citizens of one city both precipitated and responded to the whirlwind of social change around them."—Kirkus Reviews "A profoundly moving tribute to the intrepid unsung heroes who risked their lives to help bring an end to Baltimore's Jim Crow Era."—Kam Williams, syndicated columnist On August 28, 1963—the day of Martin Luther King Jr.'s famous "I Have a Dream" speech—segregation ended finally at Baltimore's Gwynn Oak Amusement Park, after nearly a decade of bitter protests. Eleven-month-old Sharon

Langley was the first African American child to go on a ride there that day, taking a spin on the park's merry-go-round, which since 1981 has been located on the National Mall in front of the Smithsonian Institution in Washington, D.C. Round and Round Together weaves the story of the struggle to integrate that Baltimore amusement park into the story of the civil rights movement as a whole. Round and Round Together is illustrated with archival photos from newspapers and other sources, as well as personal photos from family albums of individuals interviewed for the book. There is a timeline of major Civil Rights events. "Amy Nathan's book deftly describes the courageous struggle by blacks and whites to end discrimination in the park, the city, and the nation. Readers will walk away with a clearer understanding of segregation and the valiant Americans who fought against this injustice."—Debra Newman Ham, Professor of History, Morgan State University "Round and Round Together tells the inspiring story of how a generation of college and high school students provided the energy and enthusiasm that ended racial segregation in Baltimore's Gwynn Oak Amusement Park and changed the direction of Maryland's history."—James Henretta, Professor Emeritus, University of Maryland "With clarity and passion, Amy Nathan portrays the struggle of everyday citizens to end racial segregation in Baltimore. This compelling history, for and about young people, is simple but profound like freedom itself."—Taylor Branch, Pulitzer Prize-winning author of the trilogy America in the King Years
