Wolf Hall Hilary Mantel 2009-10-13 In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Legends of the Norse Kings Isabel Wyatt 2013-02-21 Legends of the Norse Kings brings together two epic medieval sagas of brave kings and fierce dragons, perilous journeys and deadly battles, tales of love, magic and destiny. The two sagas in this book date from the twelfth to the fifteenth centuries. The Saga of King Ragnar Goatskin recounts the adventures of the famous Danish ruler who fought a dragon to win a princess's hand in marriage. Each to His Own Peter Rimmer 2020-07-25 The war is over. But some wounds take time to heal... The 1950's are in full swing, and for some, World War II is just a grim memory. Young Adam Beaumont, the son of a wealthy aristocratic family, is a commissioned officer in the Royal Air Force. With Adam's uncle wielding considerable influence, he is next in line for the Baronetcy. But Adam cares little for family politics, and is still haunted by the murder of his Malayan mother at the hands of the Japanese. At a debutante ball, Adam overhears whispers of scandal. Beau, his pompous and arrogant cousin, claims Adam is illegitimate... that his father and mother never married, and he is not worthy of the family estate. With no marriage certificate to prove otherwise, Beau's insult strikes a nerve, and Adam's blood boils. He is determined to prove his cousin wrong, by any means necessary... Travelling to Hong Kong to work in his uncle's branch of the family business, Adam delves into his family's wartime past. Desperate to find a witness to his parent's wedding, the young man makes the acquaintance of his father's old friend, Perry Marshbank. But in the years since the war, Perry has become a

wanted drug lord, with deep ties to the underworld. And his motives for helping the young Beaumont are questionable indeed... From the silken boudoirs of Hong Kong to the glitzy theatre palaces of New York, *Each to His Own* weaves historical fact and fiction into a memorizing tapestry. Fans of Ken Follett, James Michener, and Wilbur Smith won't want to miss the next epic chapter in the Beaumont saga.

Down the Garden Path Beverley Nichols 2004-12 "Down the Garden Path has stood the test of time as one of the world's best-loved and most quoted gardening books. Ostensibly an account of the creation of a garden in Huntingdonshire in the 1930s, it is really about the underlying emotions and obsessions for which gardening is just a cover story. The secret of this book's

success---and its timelessness---is that it does not seek to impress the reader with a wealth of expert knowledge or advice. Beverley Nichols proudly declares his status as a newcomer to gardening: "The best gardening books should be written by those who still have to search their brains for the honeysuckle's languid Latin name."As unforgettable as the plants in the garden are, the cast of visitors and neighbours who invariably turn up at inopportune moments are truly memorable. For every angelic Miss Hazlitt there is an insufferable Miss Wilkins waiting in the wings. For every thought-provoking Professor, there is an intrusive Mrs. M., whose chief offense may be that she is a "damnably efficient" gardener. From a disaster in building a rock garden--- "It reminded me of those puddings made of spongecake and custard which are studded with almonds"---to a triumph in building an "avalanche" of chionodoxas---"Ah, but it was worth waiting for"---to further adventures with greenhouses, woodland gardens, not to mention cats and treacle, Nichols has left us a true gardening classic.
