In Praise of the Goddess 2003-12-01 About 16 centuries ago, an unknown Indian author or authors gathered together the diverse threads of already ancient traditions and wove them into a verbal tapestry that today is still the central text for worshippers of the Hindu Devi, the Divine Mother. This spiritual classic, the Devimahatmya, addresses the perennial questions of the nature of the universe, humankind, and divinity. How are they related, how do we live in a world torn between good and evil, and how do we find lasting satisfaction and inner peace? These questions and their answers form the substance of the Devimahatmya. Its narrative of a dispossessed king, a merchant betrayed by the family he loves, and a seer whose teaching leads beyond existential suffering sets the stage for a trilogy of myths concerning the all-powerful Divine Mother, Durga, and the fierce battles she wages against throngs of demonic foes. In these allegories, her adversaries represent our all-too-human impulses toward power, possessions, and pleasure. The battlefields symbolize the field of human consciousness on which our lives' dramas play out in joy and sorrow, in wisdom and folly. The Devimahatmya speaks to us across the ages of the experiences and beliefs of our ancient ancestors. We sense their enchantment at nature's bounty and their terror before its destructive fury, their recognition of the good and evil in the human heart, and their understanding that everything in our experience is the expression of a greater reality, personified as the Divine Mother.

Planet Medicine Richard Grossinger 2002 Planet Medicine is a major work by an anthropologist who looks at medicine in a broad context. In this edition, additions to this classic text include a section on Reiki, a comparison of types of palpation used in healing, updates on craniosacral therapy, and a means of understanding how different alternative medicines actually work. Illustrated throughout, this is the standard on the history, philosophy, and anthropology of this subject.

Liberation in the Palm of Your Hand Pha-boñ-kha-pa Byams-pa-bstan-'dzin-'phrin-las-rgya-mtsho 2006-11-03 Pabongka Rinpoche was one the twentieth century's most charismatic and revered Tibetan lamas, and in Liberation in the Palm of Your Hand we can see why. In this famous twenty-four-day teaching on the lamrim, or stages of the path, Pabongka Rinpoche weaves together lively stories and quotations with frank observations and practical advice to move readers step by step along the journey to buddhahood. When his student Trijang Rinpoche first edited and published these teachings in Tibetan, an instant classic was born. The flavor and immediacy of the original Tibetan are preserved in Michael Richards' fluid and lively translation, which is now substantially revised in this new edition.

The Alphabet That Changed the World Stan Tenen 2011-07-05 Rabbinic tradition asserts that every letter of every word of the Torah is a word in itself. Author Stan Tenen demonstrates that each letter is also a hand gesture, and it is at this level that Hebrew forms a natural universal language. All people, including children before they speak and people without sight, make natural use of these gestures. In The Alphabet That Changed the World, Tenen examines the Hebrew text of Genesis and its relationship to the alphabet. He shows how each letter is both concept and gesture, with the form of the gesture matching the function of the concept. There is thus an implicit relationship between the physical world of function and the conscious world of concept. Using over 200 color illustrations, Tenen demonstrates geometric metaphor as the best framework for understanding the deepest meaning of the text. Such geometry models embryonic growth and self-organization and the core of many healing and meditative practices. Many subjects in contemporary science were derived from the methods and means available to the ancients; The Alphabet That Changed the World makes this authoritative recovery of the "science of consciousness" in Genesis accessible for the first time to the contemporary reading public.

The Great Liberation Sir John Woodroffe 2013-01-01 The Indian Tantras, which are numerous, constitute the scripture (Sastra) of the Kaliyuga, and as such is a voluminous source of present and practical orthodox "Hinduism". The Tantra Shastra is, in fact, whatever be its historical origin, a development of the Karmakanda (using that term in the general sense of ritual section of the scripture), promulgated to meet the needs of that age. Siva says: "For the benefit of men of the Kali age, men bereft of energy and dependent for existence on the food they eat, the Kaula doctrine, O auspicious one! is given" (Ch. IX, verse 12). To the Tantras, we must therefore look if we would understand aright both ritual, yoga, and sadhana of all kinds as they exist today, as also the general principles of which these practices are but the objective expression.

Mahavatar Babaji's New Gospel Gottfried Xaver 2007 IMMORTAL MASTER'S YOGI CHRIST MAHAVATAR BABAJI'S NEW GOSPEL and KALKI Mahavatar Babaji Nagaraj is the world-renowned yogi and original teacher of Kriya Yoga about whom Yogananda writes in his spiritual classic “Autobiography of a Yogi”. This is the FIRST BOOK through which His most Recent TEACHINGS are available in His own words, transcribed and compiled over the course of several years by the author under Babaji’s direct guidance in his Kriya Yoga SiddhAshram Kapoor Lodge in Nainital, India. His message is a poetic and moving call for the urgent necessity to create peace amongst the religions and countries of the world. Deathless, Immortal Master Babaji, in his role as the INITIATOR reveals new insights into the Genesis of mankind, Reincarnation, ancestral karma, the roles of the Avatars, Gurus and Prophets of all Religions. Other highlights include His explanations on Divine Law, the difference between BELIEF and Faith, the benefits of Prayer, the Word of God as Direct Revelation and the Beloved of God as well as the False Prophet and the end times..The ancient Spiritual Science of Kriya Yoga and yogic concepts such as the chakras, mudras, Samadhi, Fire Initiation and the 108 doors of perception are all parts of Babaji’s unique Teachings. He also reveals knowledge of the Science of Physical Rejuvenation through herbs and meditative practices (Kaya Kalpa) and relates about His travels to Shangri La or Shambhala, also called Siddhashram. Never before has a book been written that allows the truths, Revelations and the Blessings of Babaji to be Expressed in His own words. This is a work that opens the windows of the heart, mind and Spirit and challenges the followers of all spiritual traditions to Awaken Now. This book contains 32 color plates, including ancient and strikingly beautiful photographs of Mahavatar Babaji, His various Disciples, His caves and His Ashram. Some of these are from Babaji’s private archives and have never been published before. The Essence of this is that a Permanent Golden Age is resurfacing and He’s a whole part of It as are we who Awaken and open up to physical resurrection as demonstrated through Lord Jesus Christ, completely misunderstood in Christian churches. He’s personally training 54 Yogis to then train everyone else for This. At a certain point They will all meet and begin Co-Creating a permanent Golden Age together. You may be one of Them as I am before coming off the False Prophet Antichrist. Alert _ If Google has Removed Images (colored plates of Babaji) from this Book. WRITING SYSTEM OF MEDU NETER Rkhty Amen 2014-06-26 The language that is today called Egyptian Hieroglyphs was called Medu Neter by the inhabitants of the Nile Valley civilization . They called their country Kemet, not Egypt. Medu Neter is truly the classical language of Africa. Medu Neter is the oldest African Language for which there is a large body of written texts. There are more texts written in Medu Neter than in any other ancient world language. The people of Kemet left an abundance of detailed data which, until recent decades, was only available to Egyptologist, archeologists, anthropologists, museums and a select few scholars and collectors. Now, serious students can learn how to read what the Kemites wrote on papyrus, and on the temple walls. This book, the Writing System of Medu Neter takes the student step by step through the sound and writing system of this beautiful language. Learning Medu Neter may be one of the most interesting experiences that you will ever have.

How to Draw People Beautiful Eyes Meru Illustrations 2020-05-27 The eye is one of the most complicated fragments of the human face, but over time it has become popular thanks to the details that this part gives to our drawing. Three Dreams on Mount Meru François Devenne 2007 "Bayu, the young African Muslim, becomes impatient to achieve what generations of his ancestors, a clan of sculptors and artists, have done before they marry: To make the journey which all men of the clan must make, and to dream three dreams on Mount Meru. From a village near Mombasa, in Kenya, he must cross the forests to Mount Meru, in Tanzania, a huge distance across hostile terrain, made harder by his inexperience and innocence." "Step by step, the young sculptor throws himself into the adventure, which illuminates a wild universe - the strange beauty of the trees, the ever-present animals who alternately threaten and protect him on this increasingly magical but always dangerous voyage. And throughout, the eyes of the leopard - a figure which Bayu's ancestor held captivated and captive - protect him." --Book Jacket.

Journey Into Consciousness Charles Breaux 1998 In the present book, the author introduces the Tantric methods of Tibetan Buddhism and draws correlations between this practice and the teachings of Carl Jung. In a clear, concise style, Breaux points out how many psychological truths are woven into the fabric of the Tantric doctrine. The language of the Tantra is visionary--abounding in symbols and metaphors produced spontaneously in the meditations of ancient yogis. At the heart of tantra is the experience of a divine power within the human being that can be awakened. The format of the book begins in the root chakra and follows the path of your psychological and spiritual continuum up through the chakras. Each chapter includes a meditation practice employing Tibetan Tantric Deities and procedures. Although not a substitute for a genuine Tantric teacher, the book will enable readers to experience the tantra through suggested meditation. You enter the light within when you step outside of your own shadow. The basic drive to remember your essential nature surges beneath all your fears, desires and preconceptions. Although they approach this process from opposite sides of the world, both Tantra and Jungian psychology aspire to fathom this mysterious process and create the necessary conditions so spiritual transformation can occur.
