In the rugged Pacific Northwest lies the Olympic National Forest—nearly a million acres of impenetrable darkness and impossible beauty. From deep within this old growth forest, a six-year-old girl appears. Speechless and alone, she offers no clue as to her identity, no hint of her past. Having retreated to her western Washington hometown after a scandal left her career in ruins, child psychiatrist Dr. Julia Cates is determined to free the extraordinary little girl she calls Alice from a prison of unimaginable fear and isolation. To reach her, Julia must discover the truth about Alice's past—although doing so requires help from Julia's estranged sister, a local police officer. The shocking facts of Alice's life test the limits of Julia's faith and strength, even as she struggles to make a home for Alice—and for herself. "One of [Kristin Hannah's] most compelling and riveting novels."—Booklist

[Fire in the Lake](#) Frances FitzGerald 2009-05-30 Frances FitzGerald's landmark history of Vietnam and the Vietnam War, "A compassionate and penetrating account of the collision of two societies that remain untranslatable to one another." (New York Times Book Review) This magisterial work, based on Frances FitzGerald's many years of research and travels, takes us inside the history of Vietnam--the traditional, ancestor-worshiping villages, the conflicts between Communists and anti-Communists, Catholics and Buddhists, generals and monks, the disruption created by French colonialism, and America's ill-fated intervention--and reveals the country as seen through Vietnamese eyes. Originally published in 1972, *FIRE IN THE LAKE* was the first history of Vietnam written by an American, and subsequently won the Pulitzer Prize, the Bancroft Prize, and the National Book Award. With a clarity and insight unrivaled by any author before it or since, Frances FitzGerald illustrates how America utterly and tragically misinterpreted the realities of Vietnam.

[...and a hard rain fell](#) John Ketwig 2008-01-01 "A magnetic, bloody, moving, and worm's-eye view of soldiering in Vietnam, an account that is from the first page to last a wound that can never heal. A searing

gift to his country."-Kirkus Reviews The classic Vietnam war memoir, ...and a hard rain fell is the unforgettable story of a veteran's rage and the unflinching portrait of a young soldier's odyssey from the roads of upstate New York to the jungles of Vietnam. Updated for its 20th anniversary with a new afterword on the Iraq War and its parallels to Vietnam, John Ketwig's message is as relevant today as it was twenty years ago. "Solidly effective. He describes with ingenuous energy and authentic language that time and place."-Library Journal "Perhaps as evocative of that awful time in Vietnam as the great fictions...a wild surreal account, at its best as powerful as Celine's darkling writing of World War One."-Washington Post [Message from Nam](#) Danielle Steel 2009-05-06 As a journalist, Paxton Andrews would experience Vietnam firsthand. We follow her from high school in Savannah to college in Berkeley and then to work in Saigon. For the soldiers she knew and met there, Viet Nam would change their lives in ways they could never have imagined. For the men in her life, Viet Nam would change their lives in ways they could not escape or deny. Peter Wilson, fresh from law school, was a new recruit who would confront his fate in Da Nang. Ralph Johnson, a seasoned AP correspondent, had been in Saigon since the beginning. He knew Vietnam and the war inside out. Bill Quinn, captain of the Cu Chi tunnel rats, was on his fourth tour of duty and it seemed nothing could touch him. Sergeant Tony Campobello had come to Vietnam from the streets of New York to vent a rage that had followed him all the way to Saigon. For seven years Paxton Andrews would write an acclaimed newspaper column from the front before finally returning to the States and then attending the Paris peace talks. But for her and the men who fought in Viet Nam, life would never be the same again. [Vanessa and Her Sister](#) Priya Parmar 2015-01-20 It can break your heart to have a sister like Virginia Woolf. London, 1905: The city is alight with change, and the Stephen siblings are at the forefront. Vanessa, Virginia, Thoby, and Adrian are leaving behind their childhood home and taking a house in the leafy heart of avant-garde Bloomsbury. There they bring together a glittering circle of bright, outrageous artistic friends who will grow into legend and come to be known as the Bloomsbury Group. And at the center of this charmed circle are the devoted, gifted sisters: Vanessa, the painter, and Virginia, the writer. Each member of the group will go on to earn fame and success eventually, but so far Vanessa Bell has never sold a painting. Virginia Woolf's book review has just been turned down by The Times. Lytton Strachey has not published anything. E. M. Forster has finished his first novel but does not like the title. Leonard Woolf is still a civil servant in Ceylon, and John Maynard Keynes is looking for a job. Together, this sparkling coterie of artists and intellectuals throw away convention and embrace the wild freedom of being young, single bohemians in London. But the landscape shifts when Vanessa unexpectedly falls in love and her sister feels dangerously abandoned. Eerily possessive, charismatic, manipulative, and brilliant, Virginia has always lived in the shelter of Vanessa's constant attention and encouragement. Without it, she careens toward self-destruction and madness. As tragedy and betrayal threaten to destroy the family, Vanessa must decide if it is finally time to protect her own happiness above all else. The work of exciting young newcomer Priya Parmar, *Vanessa and Her Sister* exquisitely captures the champagne-heady days of prewar London and the extraordinary lives of sisters Vanessa Bell and Virginia Woolf.

[The Negro Motorist Green Book](#) Victor H. Green The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and

aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

A Bright Shining Lie Neil Sheehan 2009-10-20 One of the most acclaimed books of our time—the definitive Vietnam War exposé and the winner of the Pulitzer Prize and the National Book Award. When he came to Vietnam in 1962, Lieutenant Colonel John Paul Vann was the one clear-sighted participant in an enterprise riddled with arrogance and self-deception, a charismatic soldier who put his life and career on the line in an attempt to convince his superiors that the war should be fought another way. By the time he died in 1972, Vann had embraced the follies he once decried. He died believing that the war had been won. In this magisterial book, a monument of history and biography that was awarded the National Book Award and the Pulitzer Prize for Nonfiction, a renowned journalist tells the story of John Vann—"the one irreplaceable American in Vietnam"—and of the tragedy that destroyed a country and squandered so much of America's young manhood and resources.

Message from Nam Danielle Steel 2009-12-01 How do you tell someone what it's like to kill a man hand to hand, run a bayonet through his guts, or shoot a sniper in the face who turns out to be a woman? How do you explain the nine-year-old boy who throws a grenade and kills your best friend? How do you tell them what it's like? Or about the sunsets on the mountains or the green of Viet Nam, or the sounds and the smells, and the people, and the girl who can't even say your name, but you know you love her. There was nothing any of them could say. So most of them rode home in silence. For seven years Paxton Andrews would write an acclaimed newspaper column for Americans from the front, before finally returning to the States and then attending the Paris peace talks. But for her, and for the men who fought in Viet Nam, life would never be the same again.

The Future of the Public's Health in the 21st Century Institute of Medicine 2003-02-01 The anthrax incidents following the 9/11 terrorist attacks put the spotlight on the nation's public health agencies, placing it under an unprecedented scrutiny that added new dimensions to the complex issues considered in this report. The Future of the Public's Health in the 21st Century reaffirms the vision of Healthy People 2010, and outlines a systems approach to assuring the nation's health in practice, research, and policy. This approach focuses on joining the unique resources and perspectives of diverse sectors and entities and challenges these groups to work in a concerted, strategic way to promote and protect the public's health. Focusing on diverse partnerships as the framework for public health, the book discusses: The need for a shift from an individual to a population-based approach in practice, research, policy, and community engagement. The status of the governmental public health infrastructure and what needs to be improved, including its interface with the health care delivery system. The roles nongovernment actors, such as academia, business, local communities and the media can play in creating a healthy nation. Providing an accessible analysis, this book will be important to public health policy-makers and practitioners, business and community leaders, health advocates, educators and journalists.

Daddy Danielle Steel 2009-02-25 Oliver Watson's world suddenly dissolves around him when Sarah, his wife of eighteen years, returns to Harvard to get her master's degree. Oliver is left on his own, with three children and a freedom he never wanted and doesn't completely understand. His family's needs and demands suddenly consume his life. When Oliver's mother is diagnosed as having Alzheimer's disease and dies soon thereafter, Oliver's father's life is changed as well. Braver than his son with less of a future before him, George Watson, at seventy-two, quickly embraces new relationships and, eventually, a new life. The sudden changes come as a shock to both father and son. Ben, Oliver's oldest son, rejects his father and reaches outward, under the illusion that he is grown-up and can make it on his own. Melissa, the middle child, blames Oliver for her mother's desertion. And Sam, the "baby," is too shaken to deal with it at all. Now the only parent, Daddy must somehow cope this, his troubled family and explore a world of new responsibilities, new women, and new experiences. Each of the three men must start a new life: Oliver in New York and then in Los Angeles with his children; once he faces the biggest change in his life; his

widowed father with the woman next door; and seventeen-year-old Ben with his girlfriend and baby. Nothing is as it was before... nothing is as they once thought it would be. But in the end, different is better... different is more... for each of them—and especially for "Daddy."

Nam-A-Rama Phillip Jennings 2017-09-12 From Publishers Weekly (starred review): "This highly entertaining, provocative lampooning of the Vietnam War is reminiscent of Catch-22 and David Mamet's Wag the Dog. Marine helicopter pilot Gerard Finnigan Gearheardt, in the Oval Office on CIA pizza delivery duty ("They don't let freckle-faced teenagers deliver pizza to the White House, you know"), overhears President Larry Bob Jones and the Joint Chiefs of Staff brainstorming the idea of escalating the American advisory presence in Vietnam into a full-fledged shooting war to enhance Larry Bob's image and beef up a flagging peacetime economy. To make sure the situation doesn't get out of hand, Larry Bob concocts a loony-tunes scheme to parachute Gearheardt and his buddy Lt. Jack Armstrong, along with antiwar movie sex kitten Barbonella, into Hanoi to meet with Ho Chi Minh and negotiate peace just in time to get Larry Bob reelected. The two hapless Marines rendezvous with Barbonella, but, thanks to the meddling of an American agent and a Cuban operative, the zany scheme goes haywire and Armstrong and Gearheardt wind up flying for the CIA in Laos. In this wonderfully irreverent novel, evocative of vintage Max Shulman, hearty belly laughs contrast with chilling insights into high level political machinations."

A Wrinkle in Time Madeleine L'Engle 2019-07-18 A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

The Quiet American Graham Greene 2021-01-01 I have asked permission to dedicate this book to you not only in memory of the happy evenings I have spent with you in Saigon over the last five years, but also because I have quite shamelessly borrowed the location of your flat to house one of my characters, and your name, Phuong, for the convenience of readers because it is simple, beautiful and easy to pronounce, which is not true of all your country-women's names. You will both realise I have borrowed little else, certainly not the characters of anyone in Viet Nam. Pyle, Granger, Fowler, Vigot, Joe— these have had no originals in the life of Saigon or Hanoi, and General The is dead : shot in the back, so they say. Even the historical events have been rearranged. For example, the big bomb near the Continental preceded and did not follow the bicycle bombs. I have no scruples about such small changes. This is a story and not a piece of history, and I hope that as a story about a few imaginary characters it will pass for both of you one hot Saigon evening.

The Best We Could Do Thi Bui 2017-03-07 National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” The Best We Could Do brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

Achilles in Vietnam Jonathan Shay 2010-05-11 An original and groundbreaking book that examines the psychological devastation of war by comparing the soldiers of Homer's Iliad with Vietnam veterans suffering from post-traumatic stress disorder. The Future of Nursing Institute of Medicine 2011-02-08 The Future of Nursing explores how nurses' roles, responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health system. At more than 3 million in number, nurses make up the single largest segment of the health care work force. They also spend the greatest amount of time in delivering patient care as a profession. Nurses therefore have valuable insights and unique abilities to contribute as partners with other health care professionals in improving the quality and safety of care as envisioned in the Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-prepared, the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by 2020, and double the number who pursue doctorates. Furthermore, regulatory and institutional obstacles -- including limits on nurses' scope of practice -- should be removed so that the health system can reap the full benefit of nurses' training, skills, and knowledge in patient care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

Things We Lost to the Water Eric Nguyen 2021-05-04 A captivating novel about an immigrant Vietnamese family who settles in New Orleans and struggles to remain connected to one another as their lives are inextricably reshaped. This stunning debut is "vast in scale and ambition, while luscious and inviting ... in its intimacy" (The New York Times Book Review). When Huong arrives in New Orleans with her two young sons, she is jobless, homeless, and worried about her husband, Cong, who remains in Vietnam. As she and her boys begin to settle in to life in America, she continues to send letters and tapes back to Cong, hopeful that they will be reunited and her children will grow up with a father. But with time, Huong realizes she will never see her husband again. While she attempts to come to terms with this loss, her sons, Tuan and Binh, grow up in their absent father's shadow, haunted by a man and a country trapped in their memories and imaginations. As they push forward, the three adapt to life in America in different ways: Huong gets involved with a Vietnamese car salesman who is also new in town; Tuan tries to connect with his heritage by joining a local Vietnamese gang; and Binh, now going by Ben, embraces his adopted homeland and his burgeoning sexuality. Their search for identity--as individuals and as a family--threatens to tear them apart, until disaster strikes the city they now call home and they are suddenly forced to find a new way to come together and honor the ties that bind them.
