The Pleiadian Workbook Amoram Quan Yin 1995-12-01 The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amoram Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves, raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing.

Pleiadian Renegade Maryann Rada 2017-07-12 Now is the moment to discover reality's next evolution. How ready are you to encounter the kind of wisdom that can change the way you see everything around you? To change how you think about the genesis of interstellar contact? Renegade thoughts can lead to bold new interpretations of reality, for those who dare to go beyond the limitations of terrestrial thought. "Pleiadian Renegade: Thoughts of Higher Magnitude" continues a narrative of expanded awareness and brings cosmic wisdom down to earth, with wit and insight. From the Foreword: "We have traveled through time to meet you in this space of friendly remembrance to bring you news of the human potential to drive your world into a new age of galactic networking and universal peace and prosperity. You have had a glimpse of such things from time to time, and you carry the hope - if not the complete understanding of what such conditions feel like - within your hearts. As a collective of humanity that has called Earth home for eons, the main thrust of which understanding has been the inability to see beyond the limits of your earthly mindspace, you stand at the brink of a step forward into a new evolution. Together, you have come to the point of recognizing the unsustainable of what it is to be human under the spell of social control and forced limitation of your power. Together, you will take things into your own hands and turn the tables on the game that has been played out to your detriment. The dice have been loaded and the cards stacked against the emergence of a humanity fully empowered, but all of that is about to change. You are changing that. Every time one person awakens to the light within themselves that leads to the greater understanding of divine embodiment taking form as what you truly are, as soon as someone realizes that the extent of human reach does not stop at the edge of your world's troposphere but indeed exists and thrives through-out the galactic arm of the Milky Way, and beyond, you are changing the fortunes in your collective favor. Our presence here, in the form of telepathic communicators and guides at this time is testament to the potential you have to choose the timeline that leads to that, in fact, being your future reality. And because it is a choice, we would like to raise your sights to the higher thoughts that take you there. That is our mission, and our familial duty to your people in this time of transformation. To let the alternative slip into being is not a timeline you would enjoy, we daresay." The Pleiadian Renegades are a collective of beings from a high-frequency, low-density reality that sources from the light of the sun of Alcyone. They are human beings of a higher level of awareness and come to our realm of awareness now as midwives for our collective transformation into the consciousness of divinity. They do this with great love, humor, and depth of understanding. Find out more, and discover more writings from this wise and loving crew, at the Opalescent Nine website.

dark // thing Ashley M. Jones 2019-02-12 dark // thing is a multifaceted work that explores the darkness/otherness by which the world sees Black people. Ashley M. Jones stares directly into the face of the racism that allows people to be seen as dark things, as objects that can be killed/enslaved/oppressed/devalued. This work, full as it is of slashes of all kinds, ultimately separates darkness from thingness, affirming and celebrating humanity.

Encounter in the Pleiades Preston B. Nichols 1996 For millennia the seven stars known as the Pleiades have twinkled in the night sky, inspired countless legends and dared Mankind to discover their secrets. Encounter in the Pleiades is the story of a man who was taken to the Pleiades and given a scientific education far beyond the horizons of anything taught in universities. For the first time, the personal history of Preston Nichols is revealed along with an avalanche of amazing information the world has not yet heard. A new look at Einstein gives insights into the history of physics and how the speed of light can be surpassed through the principles of reality engineering. New concepts in science are offered with technical but simple descriptions even the layman can understand. These include the creation of alternate realities through the use of twisters and spinners; mind control aspects of the Star Wars defence system; implants; alien abductions and much more. Peter Moon adds further intrigue to the mix by divulging his part in a bizarre project which led him to Preston Nichols and the consequent release of information. His account of the role of the Pleiades in ancient mythology sheds new light on the current predicament of Mankind and offers a path of hope for the future.

Atlas: the Story of Pa Salt Lucinda Riley 2023-05-11 Spanning a lifetime of love and loss, crossing borders and oceans, Atlas: The Story of Pa Salt, co-authored by her son Harry Whittaker, draws Lucinda Riley's Seven Sisters series to its stunning, unforgettable conclusion. 1928, Paris A boy is found, moments from death, and taken in by a kindly family. Gentle, precocious, talented, he flourishes in his new home, and the family show him a life he hadn't dreamed possible. But he refuses to speak a word about who he really is. As he grows into a young man, falling in love and taking classes at the prestigious Conservatoire de Paris, he can almost forget the terrors of his past, or the promise he has vowed to keep. But across Europe an evil is rising, and no-one's safety is certain. In his heart, he knows the time will come where he must flee once more. 2008, the Aegean The seven sisters are gathered together for the first time, on board the Titan to say a final goodbye to the enigmatic father they loved so dearly. To the surprise of everyone, it is the missing sister who Pa Salt has chosen to entrust with the clue to their pasts. But for every truth revealed, another question emerges. The sisters must confront the idea that their adored father was someone they barely knew. And even more shockingly: that these long-buried secrets may still have consequences for them today.

Lehren Immanuel, Alias Jesus Christus Eduard Meier 1990-07-01 e Talmud of Immanuel is an ancient Aramaic scroll that may be the source of the Gospel of Matthew. If authentic, it indicates an extraterrestrial origin for the Christian New Testament--it could become the most stunning find of our century. 1 0 **Sūrya-Siddhānta** Phanindralal Gangooly 1989 The oldest and most important treatise of the post-Christian period on Indian Astronomy that has come down to us is the Surya Siddhanta consisting 14 chapters written in slokas. Alberuni says that Lata was the author of this work. According to the introductory verses Surya the sun-god revealed it to Asura Maya in the city of Romaka.

Alien Security Maurice Osborn 2010-01-20 IMAGINE LIVING ON ANOTHER WORLD IN UTOPIA General Tom Evens was rescued from Earth and invited to live on the planet Erra with other loving humans. After 20 years in paradise, Tom returns to Earth in order to help the people to rid the planet of malevolent extraterrestrial races that have been covertly preparing to take over the world. Great hardships on all mankind are first prevented. Then, several battles are fought in order to halt the stripping of our basic human rights, the confinement of people in large relocation camps, and manipulation by reptilian tyrants. Finally, gray-skinned beings with large heads and large black eyes are fought in order to stop the abduction and manipulation of people for the creation of human-looking hybrid slaves for them to take over the world with. And then the real action begins to end human slavery. This book was not written to frighten anyone about our future, but to prevent catastrophes that are now being prepared against human freedom. I care. Do you?

Fluid States Heidi Czerwiec 2019-02-12 A collection of lyric essays that considers the way subjects, stories, facts, and memories are as interconnected as streams in a watershed, Heidi Czerwiec's Fluid States explores the interlocking issues created by the oilfields of North Dakota; the ephemerality of perfume, canning tomatoes, a fungus that infects and transforms mushrooms; and being the focus of internet hate. Short essays that present delightfully surprising facts with elegant and lyric language, her pieces all share underlying currents that question assumptions about gender, violence, reason, and intuition.

The Hidden Records Wayne Herschel 2003-01-01 Wayne Herschel, in a culmination of 15 years of research on archaeo-astronomy, has stumbled upon an extraordinary secret that appears to link Leonardo Da Vinci to the Solomon key, Stonehenge and the enigma behind the pyramids. Herschel stumbled on Da Vincis secret geometry at Giza. He realized that all 50 of the pyramids of Lower Egypt appear to represent the brightest stars along the entire length of the Milky Way. But more importantly, as one would expect in any 'treasure' map, there is the proverbial x that marks the spot. The decipherable cosmic codex suggests the unthinkable it claims cryptically that human lineage is not of this Earth! He goes on to prove that Stonehenge has the same cosmic solution and the pyramid layouts of the Maya, the Incas, the Khmer and many others around the world, all repeat the same star map theme. Why would they all exhibit the same obsession with one nearby Sun-like star in Taurus, a star that they insist is the star of the gods? Is this the reason for the ancients bull worship? If so, it was not at all our Sun that the ancients venerated. This 289-page A4 full colour glossy book takes the reader on a riveting journey from one clue to the next, presenting numerous forgotten ancient texts and artefact depictions. Find out where the ultimate pyramid star map has been discovered see the shocking new images and why this controversial finding is sending scholars running for the woods. The Hidden Records presents the strongest evidence to date that we have never ever been alone in this vast universe.

Enoch and the Pleiades Leif Strom 2014-05-30 It is the scholarly view that the Book of Enoch is written from about 300 BC to 50 BC. Thus, if they are right, the Book of Enoch must be a forgery, as it itself says that it is written by the prefflood patriarch Enoch, thus making it the oldest book in the world. As a Bible believing christian, you must consider why then the brother of Jesus, the apostle Jude, did quote this "forgery". Either he and the whole bunch of apostles (because they too, were in◆fluenced by the Book of Enoch) were foolish enough to buy this false book - or it must be older than what the scholars say, and written by the one it says is the author: Enoch himself. What if it could be proved that the Book of Enoch IS older than what the scholars say? What if this book in itself can prove it? Because if it was written 5000 years ago, wouldn't there be some traces in it (geographical, or astronomical), perhaps hidden to people in the centuries before Christ, but possible for us in our technological time, to discover? I believe that I have found such evidence - evidence that proves 'beyond doubt', that the Book of Enoch IS 5000 years old, and I'm going to tell about it in this book, and how I discovered it. In this book, you will learn, 1. How Enoch was taken by the angels of God to Antarctica, and from there to the Pleiades, to see the place were the 7 primeval angels are imprisoned, and where the corrupted watchers were to be bound. 2. The location of Tartarus, the bottomless pit - not in the earth, but UNDER the earth. 3. The dividing in Peleg's days, which was not the break up of the continents, but the division of the nations under a new group of angelic, corrupted watchers. 4. How Gilgal Refaim in the Golan Heights fits the description in the Book of Enoch of the burial place of Azazel. 5. What the key to the Abyss is, and where its opening is located. 6. How archeology and the Book of Enoch agree about when and where humanity learned to read and write. 7. How the Book of Enoch has been the instrument of God in three points in time, and how these three correspond to the three transitions between the ages of Taurus, Aries, and Pisces. 8. How the Gilgal Refaim astronomical "clock" is set to exactly the time when, according to Enoch and Noah, Azazel and the 200 watchers were gathered and buried under stone mounds.

The Chaos Conundrum Aaron John Gulyas 2014-01-23 In "The Chaos Conundrum," historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways, from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the maelstrom of personalities, agendas, impressions, data, confusion, and contradictions that can be found in the world of the weird, and demonstrates how they have become an integral part of our lives, whether in the form of flying saucers, hauntings, religious revelations, psychic abilities, or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the "shadow government" and their underground bases to jaded academic skeptic, and then finally to someone who thinks there might

just be something to the paranormal after all... but not what we have been led to expect or believe!

Heart of the Christos Barbara Hand Clow 1989 The author faces archetypal, cosmic lords within herself. These inner lords are a reflection of humankind's age-old struggle with "the gods who came down to Earth," who intervened with human reality and limited our freedom.

My Second Work Bridget Lowe 2020-02-18 "The soul remembers all of this. How I swept the floor / with my golden hair. How I fed it watermelon and wine / from a porcelain dish. How I called it teacher and it called me teacher's pet." Metaphysical in concern and hypermodern in tone, Bridget Lowe returns in this appropriately titled, much-anticipated second collection, determined as ever to make meaning from the perversity of suffering. My Second Work is rare in its ability to be both completely idiosyncratic and widely resonant, as Lowe transforms experiences of shame, disgust, and bewilderment into a kind of mutant hope. Poems in this collection have appeared in the New Yorker and Poetry and were honored by the Poetry Society of America.

A Wrinkle in Time Madeleine L'Engle 2019-07-18 A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Cornelius Nepos, Life of Hannibal Bret Mulligan 2015-10-05 Trebia. Trasimene. Cannae. With three stunning victories, Hannibal humbled Rome and nearly shattered its empire. Even today Hannibal's brilliant, if ultimately unsuccessful, campaign against Rome during the Second Punic War (218-202 BC) make him one of history's most celebrated military leaders. This biography by Cornelius Nepos (c. 100-27 BC) sketches Hannibal's life from the time he began traveling with his father's army as a young boy, through his sixteen-year invasion of Italy and his tumultuous political career in Carthage, to his perilous exile and eventual suicide in the East. As Rome completed its bloody transition from dysfunctional republic to stable monarchy, Nepos labored to complete an innovative and influential collection of concise biographies. Putting aside the detailed, chronological accounts of military campaigns and political machinations that characterized most writing about history, Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations. In the exploits and achievements of these illustrious men, Nepos hoped that his readers would find models for the honorable conduct of their own lives. Although most of Nepos' works have been lost, we are fortunate to have his biography of Hannibal. Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced. Nepos' straightforward style and his preference for common vocabulary make Life of Hannibal accessible for those who are just beginning to read continuous Latin prose, while the historical interest of the subject make it compelling for readers of every ability.

Spaceships of the Pleiades Kal K. Korff 2010-08-05 The case of Eduard "Billy" Meier has gained worldwide attention for his claims of being in "on-going contact" with aliens from the star cluster known as the Pleiades. Purported to be the most documented UFO account of all time, Meier's files consist of 1,000 photographs and 12 motion picture films of the visiting spacecraft. Through thousands of pages of "contact notes," Meier claims to have "passed on" the wisdom and advanced technical knowledge from his conversations with these aliens, designed to help guide our evolution. In addition, he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them. The aliens also "left" numerous "landing tracks" in the ground, and gave Meier various rock, metal, mineral, and crystal samples as "proof" of their visitations. Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence, and reveals here how a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in history.

The Message Of Stars Max Heindel 2020-12-06 It is a matter of common knowledge among mystics that the evolutionary career of mankind is indissolubly bound up with the divine hierarchies who rule the planets and the signs of the Zodiac, and that the passage of the Sun and the planets through the twelve signs of the Zodiac marks man's progress in time and in space. Therefore, it is not to be wondered at, that in the course of their investigations into the spiritual development of mankind, the writers have also encountered much that deals with the Zodiac, which is the boundary of our evolutionary sphere at the present time. So much has been perceived in the memory of nature that sheds light upon obscure passages of the Bible, that notes have been made from time to time of different points, but how to collect and collate these dissociated writings into a united whole has been a great problem for a long time. Even now, the writers know and feel that what they are bringing forth is only a very, very weak attempt to set before the students that great body of facts which have come to them through the memory of nature. They feel, however, that this will give a 3 4 THE MESSAGE OF THE STARS new and more profound meaning to the old symbols, and that by passing on what has been found they put themselves in line to receive more light. Concerning the future evolution of planets, The Rosicrucian Cosmo-Conception teaches, on page 256, that "when the beings upon the planet have evolved to a sufficient degree, the planet becomes a Sun, the fixed center of the Solar System. When the beings there have evolved to a still greater degree, and consequently it has reached its maximum of brilliancy, it breaks up into a Zodiac and becomes, so to speak, the womb of a new Solar System. Thus the Great hosts of Divine beings who, until then, were confined upon that Sun gain freedom of action upon a great number of stars whence they can affect, in different ways, the system which grows up within their sphere of influence. The planets or man-bearing worlds within the Zodiac are constantly being worked upon by these forces but in various ways according to the stage they have reached in evolution. Our Sun could not have become a sun until it set out from itself all the beings who were not sufficiently evolved to endure the high rate of vibration and the great luminosity of the beings who were qualified for that evolution. All the beings upon the different planets would have been consumed had they remained in the Sun. This visible Sun, however, though it is a place of evolution for beings vastly above man, is not by any means the Father of the other planets, as EVOLUTION AS SHOWN IN THE ZODIAC 5 material science supposes. On the contrary, it is itself an emanation from the central Sun, which is the invisible source of all that IS in our solar system."

The Skeptic's Dictionary Robert Carroll 2004-04-28 A wealth of evidence for doubters and disbelievers "Whether it's the latest shark cartilage scam, or some new 'repressed memory' idiocy that besets you, I suggest you carry a copy of this dictionary at all times, or at least have it within reach as first aid for psychic attacks. We need all the help we can get." -James Randi, President, James Randi Educational Foundation, randi.org "From alternative medicine, aliens, and psychics to the farthest shores of science and beyond, Robert Carroll presents a fascinating look at some of humanity's most strange and wonderful ideas. Refreshing and witty, both believers and unbelievers will find this compendium complete and captivating. Buy this book and feed your head!" -Clifford Pickover, author of The Stars of Heaven and Dreaming the Future "A refreshing compendium of clear thinking, a welcome and potent antidote to the reams of books on the supernatural and pseudoscientific." - John Allen Paulos, author of Innumeracy and A Mathematician Reads the Newspaper "This book covers an amazing range of topics and can protect many people from being scammed." -Stephen Barrett, M.D., quackwatch.org Featuring close to 400 definitions, arguments, and essays on topics ranging from acupuncture to zombies, The Skeptic's Dictionary is a lively, commonsense trove of detailed information on all things supernatural, occult, paranormal, and pseudoscientific. It covers such categories as alternative medicine; cryptozoology; extraterrestrials and UFOs; frauds and hoaxes; junk science; logic and perception; New Age energy; and the psychic. For the open-minded seeker, the soft or hardened skeptic, and the believing doubter, this book offers a remarkable range of information that puts to the test the best arguments of true believers.

Conversations with Laarkmaa Pia Smith Orleane 2013-05 For the first time in history, a Pleiadian group has invited a human couple to join an interplanetary team to assist in human evolution.Laarkmaa is a loving group of Pleiadians who are dedicated to the evolution of humanity. Cullen Baird Smith and Pia Smith Orleane, acting as Ambassadors to the Pleiadians, bring Laarkmaa's inspiring and heartwarming messages of hope, love, and peace to all who are willing to listen. Smith and Orleane share Laarkmaa's wisdom from public gatherings and recorded conversations about the illusion of time, the future of technology, our innate ability to heal ourselves, and information about who is here to guide us through these auspicious times. These conversations bring revelatory insights about human emotions, telepathic communication, and our own divinity. The Pleiadians tell us that we have a choice in changing the course of our own evolution. Will we make the right choice? "A riveting journey into the depths of the human soul with an encouraging message that there is still hope for humans, if we choose to act wisely and listen to the voice of love." Cheryl Fracasso, Association for Humanistic Psychology "This is one of the most thought provoking books I've read in years. It presents powerful insights and observations of our situation on earth, and practical information about how to move toward a brighter future for humanity. I can't wait to see what's in their next book." Kent Noonan, President, En-Lightened Science for Conscious Living "This is a remarkable account of what some psychologists call an exceptional human experience. The messages are articulate, provocative, and hopeful. Readers may agree or disagree with the authors' perspective, but they will never get bored while reading this book." Stanley Krippner, Ph.D., Author, Mysterious Minds: The Neurobiology of Psychics, Mediums, and Other Extraordinary People

The Adventures of Billy Meier Billy Meier 2013-01-23 There are eight episodes in all, in this inaugural publication, illustrating the contacts that pertain to the Red Meteor (Aphosis asteroid); and the true, romantic and mystical story of Merlin, King Arthur, the extraterrestrial origins of the sword that's come to be known as Excalibur...and much, much more. The comics contain the verbatim transcripts from Meier's discussions with the extraterrestrials.

Star Wisdom Gene Andrade 2016-07-15 This is a must-read. Star Wisdom is a great experience in the discovery of higher consciousness. Read on to learn of the real truths about life and death, God and man, and religion and spirituality. " - Randolph Winters, author of "The Pleiadian Mission" The journey of the human spirit is a wondrous voyage from a primitive state of ignorance, going through innumerable lifetimes in which one grows in wisdom, until at last one merges with all spirits in a state of absolute love and light. On and on, say the Pleiadians, one progresses into greater love and light. This book is for those who want to grow spiritually-to find deep inner happiness and freedom of spirit. Pleiadian Spirituality is for those willing to take complete responsibility for their own lives, for those who have seen through the false promises of religions, cults, and gurus and yet are still seeking greater spiritual development.

Cicero, Greek Learning, and the Making of a Roman Classic Caroline Bishop 2018-11-29 The Roman statesman, orator, and author Marcus Tullius Cicero is the embodiment of a classic: his works have been read continuously from antiquity to the present, his style is considered the model for classical Latin, and his influence on Western ideas about the value of humanistic pursuits is both deep and profound. However, despite the significance of subsequent reception in ensuring his canonical status, Cicero, Greek Learning, and the Making of a Roman Classic demonstrates that no one is more responsible for Cicero's transformation into a classic than Cicero himself, and that in his literary works he laid the groundwork for the ways in which he is still remembered today. The volume presents a new way of understanding Cicero's career as an author by situating his textual production within the context of the growth of Greek classicism: the movement had begun to flourish shortly before his lifetime and he clearly grasped its benefits both for himself and for Roman literature more broadly. By strategically adapting classic texts from the Greek world, and incorporating into his adaptations the interpretations of the Hellenistic philosophers, poets, rhetoricians, and scientists who had helped enshrine those works as classics, he could envision and create texts with classical authority for a parallel Roman canon. Ranging across a variety of genres - including philosophy, rhetoric, oratory, poetry, and letters - this close study of Cicero's literary works moves from his early translation of Aratus' poetry (and its later reappearance through self-quotation) to Platonizing philosophy, Aristotelian rhetoric, Demosthenic oratory, and even a planned Greek-style letter collection. Juxtaposing incisive analysis of how Cicero consciously adopted classical Greek writers as models and predecessors with detailed accounts of the reception of those figures by Greek scholars of the Hellenistic period, the volume not only offers ground-breaking new insights into Cicero's ascension to canonical status, but also a salutary new account of Greek

intellectual life and its effect on Roman literature.

Bringers of the Dawn Barbara Marciniak 1992-12-01 Compiled from more than four hundred hours of channeling by Barbara Marciniak, *Bringers of the Dawn* imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

The Glacier's Wake Katy Didden 2013-04-22 In her debut poetry collection *The Glacier's Wake*, Katy Didden attends to the large-scale tectonics of the natural world as she considers the sources and aftershocks of mortality, longing, and loss. A number of the poems in the collection are monologues in recurring voices—specifically those of a glacier, a sycamore, and a wasp—offering an inventive, prismatic approach to Didden's ambitious subject matter. As poet Scott Cairns says, "Didden's is a capacious voice, able at once to deliver both wit and wonder, canny insight and meditative mystery." In *The Glacier's Wake*, the scientific, the elegiac, and the fantastical intertwine in the service of considering our human place—constructive and destructive, powerful and impermanent—amidst the massive shiftings that are occurring endlessly all around us.

The Seven Sisters of the Pleiades Munya Andrews 2004 The legends of the Seven Sisters of the Pleiades that poets, priests, prophets, shamans, storytellers, artists, singers, and historians have told throughout time are retold in this compilation of the stories that have found their inspiration in nine beautiful stars clustered together in the night sky. While particular attention in this cross-cultural study is paid to the influence of the Pleiades cluster on the living traditions of indigenous people in North America, Australia, Japan, and the Pacific, much ancient mythology passed down through written and visual sources from ancient Egypt, India, Greece, and South America is also explored. Appearances of the myths in the modern world are also mentioned, including American presidential elections, Halloween, Atlantis, the Titanic, and Subaru automobiles. Serious astronomical research complements the variety of mythological explanations for the stars' existence by providing the modern world's scientific understanding of them.

The Pleiadian Agenda Barbara Hand Clow 1995-10-01 Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya, a Pleiadian goddess. Satya describes the huge cosmic drama taking place simultaneously in nine dimensions, with Earth as the chosen theater. The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution; the Pleiadians will be there to guide us for that leap. This shift is the coming Age of Light, and the entry of our solar system into the Photon Band and the Age of Aquarius.
