Sparrow Scot Gardner 2017-07-26 One, two, three, breath. When a juvenile detention exercise off the coast of the Kimberley goes wrong, sixteen-year-old Sparrow must swim to shore. There are sharks and crocs around him but the monsters he fears most live in the dark spaces in his mind. He's swimming away from his prison life and towards a desolate, rocky coastland and the hollow promise of freedom. He'll eat or be eaten, kill or be killed. With no voice, no family and the odds stacked against him, Sparrow has nothing left to lose. But to survive he'll need something more potent than desperation, something more dangerous than a makeshift knife. Hope.

The Triumphant Tale of the House Sparrow Jan Thornhill 2019-11-15 "The content encourages us to reflect upon and evaluate the relationship between human beings and animals. This book leaves us with admiration for this feisty bird and hope for our world." — Friends Journal Behold the most despised bird in human history! So begins Jan Thornhill's riveting, beautifully illustrated story of the House Sparrow. She traces the history of this perky little bird, one of the most adaptable creatures on Earth, from its beginnings in the Middle East to its spread with the growth of agriculture into India, North Africa and Europe. Everywhere the House Sparrow went, it competed with humans for grain, becoming such a pest that in some places "sparrow catcher" became an actual job and bounties were paid to those who got rid of it. But not everyone hated the House Sparrow, and in 1852, fifty pairs were released in New York City. In no time at all, the bird had spread from coast to coast. Then suddenly, at the turn of the century, as cars took over from horses and there was less grain to be found, its numbers began to decline. As our homes, gardens, cities and farmland have changed, providing fewer nesting and feeding opportunities, the House Sparrow's numbers have begun to decline again — though in England and Holland this decline appears to be slowing. Perhaps this clever little bird is simply adapting once more. This fascinating book includes the life history of the House Sparrow and descriptions of how the Ancient Egyptians fed it to the animals they later mummified, how it traveled to Great Britain as a stowaway on ships carrying Roman soldiers, and how its cousin, the Eurasian Tree Sparrow, was almost eradicated in China when Mao declared war on it. A wealth of back matter material is also supplied. Philip Sparrow Tells All Samuel Steward 2015-12-14 Samuel Steward (1909–93) was an English professor, a tattoo artist for the Hells Angels, a sexual adventurer who shared the considerable scope of his experiences with Alfred Kinsey, and a prolific writer whose publications ranged from scholarly articles to gay erotica (the latter appearing under the pen name Phil Andros). Perhaps his oddest authorial role was as a monthly contributor between 1944 and 1949 to the Illinois Dental Journal, an obscure trade publication for dentists, where writing as Philip Sparrow he produced a series of charming, richly allusive, and often quirky essays on a wildly eclectic assortment of topics. In *Philip Sparrow Tells All*, Jeremy Mulderig has collected thirty of these engaging but forgotten columns, prefacing them with revealing introductions that relate the essays to people and events in Steward's life and to the intellectual and cultural contexts in which he wrote during the 1940s. In these essays we encounter such famous friends of Steward as Gertrude Stein, André Gide, and Thornton Wilder. We hear of his stint as a holiday sales clerk at Marshall Field's (where he met and seduced fellow employee Rock Hudson), of his roles as an opera and ballet extra in hilariously shoddy costumes, of his hoarding tendencies, his disappointment with the drabness of men's fashions, and his dread of turning forty. We go along with him to a bodybuilding competition and a pet cemetery, and together we wander the boulevards of Paris and the alleys of Algiers. Throughout, Mulderig's entertaining annotations explain the essays' wide-ranging allusions and also highlight their gay subtext, which constituted a kind of private game that Steward played with his mostly oblivious audience of Midwestern dentists. The first collection of any of Samuel Steward's writings to be republished since his death in 1993, *Philip Sparrow Tells All* makes these lost essays available to a broad readership that Steward imagined but never actually enjoyed when he wrote them. In doing so, it takes a major step toward documenting his important place in twentieth-century gay literature and history.

Now available in a single collection, the complete electrifying New York Times bestselling trilogy—*Red Sparrow*, *Palace of Treason*, and *The Kremlin's Candidate*—"a primer in twenty-first-century spying...terrifically good" (The New York Times Book Review) from veteran CIA officer Jason Matthews. In present-day Russia, ruled by President Vladimir Putin, Russian intelligence officer Dominika Egorov struggles to survive in the post-Soviet intelligence jungle. Forced to become a "Sparrow"—a spy trained in the art of seduction to elicit information from unsuspecting marks—she's been assigned to Nathaniel Nash, a CIA officer who handles the organization's most sensitive Russian intelligence. The action in *The Red Sparrow Trilogy* careens between Russia, France, Hong Kong, Turkey, Greece, Italy, and the United States as these two young intelligence officers, trained in their respective spy schools, collide in a charged atmosphere of deception and a forbidden spiral of carnal attraction that threatens both their careers and consumes intelligence agencies from Moscow to the highest offices in the US government. In each book they confront not only the shadows and intrigues of the Russian and American intelligence networks but highly trained, cold-blooded killers assigned to destroy them. With a plot ripped from tomorrow's headlines, and written with sophisticated brio, *The Red Sparrow Trilogy* has been hailed as a monumental

accomplishment “as suspenseful and cinematic as the best spy movies” (The Philadelphia Inquirer); “fans of the genre’s masters including John le Carré and Ian Fleming will happily embrace Matthews’s central spy” (USA TODAY). Collected together, the three novels form a stunning masterwork of suspense, intrigue, sex, and violence.

Two Tales of Crow and Sparrow Alan Dundes 1997 This provocative book by a leading folklorist offers a new analysis of caste in India, focusing on the rationale underlying the customs surrounding untouchability. Drawing on clues contained in two fascinating folktales, Alan Dundes goes beyond Dumont's classic *Homo Hierarchicus* in deconstructing the pervasive pollution

complex that prevents millions of individuals from entering temples or drawing water from community wells. His graceful and erudite explanation of caste also illuminates the mysterious worship of the sacred cow as well as sati/suttee, or widow burning. The author concludes by relating caste to the theory of marginal survival, drawing on Gypsy concepts of pollution. This controversial book offers a fresh perspective for anyone interested in India, folklore, and psychoanalytic anthropology_a detailed case study documenting how folklore, as a source of native categories and symbols, can yield unique insights into the unconscious functioning of a culture through time. In this comprehensive textbook, renowned philosopher J. N. Mohanty examines the range of Indian philosophy from the Sutra period through the 17th century Navya Nyaya. Classical Indian Philosophy is divided into three parts that cover epistemology, metaphysics, and the attempt to transcend the distinction between subject and object. Mohanty focuses on the major concepts and problems dealt with in Indian philosophy, including ethics, social philosophy, law, and aesthetics. Students of Indian philosophy at every level will find this a rich and rewarding text.

Sparrow: A Chronicle of Defiance Grant McLachlan 2012-11-11 Sparrow is a seldom-heard but uplifting story of the Sparrows – the Battle of Britain gunners who defended Timor as part of Sparrow Force. It is the story of Charlie McLachlan's war: a triumph of stubborn Scottish defiance and laconic Aussie genius over the relentless violence of man and nature. From the Rudolph Hess crash-landing to the atom bomb, from history's last bayonet charge to the war's greatest aerial bombardment, Charlie McLachlan survives and bears witness to some of the landmark days of World War II. At one time or other in his four-year ordeal he is fired upon by the armies, navies and/or air forces of Germany, Japan, Australia, the Netherlands, Great Britain and the United States of America – pretty much everyone but the Russians. He defies or evades the ravages of tropical ulcers, tropical heat, alpine cold, gangrene, cholera, malaria, beriberi, dysentery, mosquitoes, crocodiles, snakes, sharks, scorpions, sadistic Sikhs, Japanese hellships, falling coconuts, flying shrapnel, beatings, beheadings, bullets, bombs, bayonets, torpedoes, a crushed leg, a fractured skull, malnutrition and premature cremation. He's presumed dead by the British Army, left for dead by Japanese guards, and declared dead by a Dutch-Japanese doctor. Yet through it all Charlie soldiers on. Half a world away, his wife Mary, fashioned from the same mental granite, stoically awaits his return. Not even an official telegram confirming the near-

certainty of Charlie's death, or later rumours of his torture, can shake her iron faith. *** Sparrow Force – the force that defended Timor in 1942 – was one of Australia's most successful military units. At the lowest point in the Second World War these soldiers - equipped with First World War weapons and cut off from Australia - waged a commando campaign that held off Japan's most successful and elite special force. Low in medicine and ammunition, they built an improvised radio that regained contact with their homeland. It was the first good news of the war for the Allies. Sparrow Force was unique. They were the first force to defeat Japan in battle, and they were the last to be captured. Those who escaped to pursue a guerrilla campaign spent more time in combat against the Japanese than any other Allied unit. They were set up to fail; instead they endured, defied, and succeeded. Newsreels were made, victories were recorded, medals were awarded, and Australia's morale was elevated. As Winston Churchill famously said, "They alone did not surrender."

Heart Of Love Evolution Terezia M. Farkas 2013-10-11 Heart of Love Evolution is a powerful, emotional journey through depression and suicidal thoughts. Depression is born out of life experiences. It is the giving up of hope, the belief that no one cares for you and the thought that suicide is the only way out. But this darkness is also a manifestation of choices made in the spirit world prior to life. Emotional issues fettered to the soul carry forward the torment of past lifetimes and cycles onward. The cycle of submission to that darkness must be broken. We all need hope and to be loved. To love yourself is the one commitment you must make. Author Terezia M. Farkas recounts how after being a caregiver, grief and depression took over her life. She also shows depression as a spiritual journey, a product of past lifetime torment, and choices made in the spirit world prior to life. At times poetic recollection and at times self-help treatise, Heart of Love is a portable guide through the most challenging, harmful experience in life.

Sparrow on the Prophet's Tomb / Poems Daniel Abdal-Hayy Moore 2009-06-01 Of the three books collected here, the first is celebratory of Islam's eschatology (next-world doctrine), the second an homage to the Prophet Muhammad, peace and blessings of Allah be upon him, and the third written on an 'Umra in 1995/96 to Mecca and Medina... These are all poems of my root work, going down into the loam of study, practice and fidelity to the ideas and often the terminology of Islamic and Sufic thought, while my poetic development since these book incorporates more imaginatively leaping imagery and unhesitatingly associational language, to more openly circumscribe both the tone and experience of a modern American but cosmopolitan Muslim/Sufi in our very promising but rambunctiously tumultuous times.
