The Message of Quran S. Athar Husain 1975
Living Presence (Revised) Kabir Edmund Helminski 2017-05-30
A revised 25th anniversary edition of the classic work on Sufism that Jack Kornfield called, "A heartfelt modern illumination of the Sufi path, filled with the fragrance of the ancients." In Sufism, the mystical branch of Islam, presence is the quality that describes a heart-filled state of mindfulness, an experience of being conscious in the present moment. It is only in this present moment, Sufi teachings reveal, that we can connect with the Divine, and the Divine can live through us. Kabir Helminski is one of the world’s most recognized teachers of Sufism. Named one of the "500 Most Influential Muslims" in the world by Georgetown University and the Royal Strategic Studies Center, Helminski and his teachings are touchstones for the growth in interest in Sufism, and his books have been translated around the world. In Living Presence, Helminski lays out the basic principles of Sufism, and how these ideas can lead to the experience of presence. In this inspiring work, readers will learn how to cultivate presence in their lives through:
* Finding a balance between the outer stimuli of the world and our inner reactions to them
* Harnessing faithfulness and gracefulness
* Learning about the parallels between ancient spiritual wisdom and modern psychological knowledge
* Meditation and contemplation to discover more meaning in daily life
With unique clarity, this book describes how presence can be developed to vastly improve our lives. Drawing on the work of the beloved Sufi poet, Rumi, as well as traditional material and personal experience, this book integrates the ancient wisdom of Sufism with the needs of contemporary life. Completely revised and updated for its 25th anniversary, this edition of Living Presence offers a wisdom that is both universal and practical.

The Message - A Translation of the Glorious Qur’an
Montheist Group 2008-02
Over the course of centuries, Islam has undergone a process of sub-categorization into numerous denominations. As such, nearly all translators have belonged to one school of thought or another, allowing the influence of such denomination(s) to come across in their interpretation of specific words or verses, and how they chose to translate them. The Message: A Translation of the Glorious Qur’an is an attempt to be free from the influences of sectarianism, delivering to the reader a rendition as close to the pure message of the Qur’an as possible.The Message: A Translation of the Glorious Qur’an is the result of a group effort by people who do not belong to any denomination and are simply proud to call themselves ‘Muslims,’ submitting to God alone.The Message: A Translation of the Glorious Qur’an is unique in the fact that it uses neither footnotes nor author comments, letting the text speak for itself.

Al-Qur’an, the Guidance for Mankind - English Translation of the Meanings of Al-Qur’an with Arabic
Muhammad Farooq-i-Azam Malik 2001
Al-Qur’an, the Guidance for mankind, is a unique translation of the Holy Qur’an in contemporary American English. It includes the Biography of the Prophet Muhammad, peace be upon him, his mission as a Prophet, his ranking as in the human history. Text is paragraphed by theme and theme is written in the margins on each page for easy reference. Its features include - (1) Field Testing the Communication of Divine Message: The unique feature of this translation is its field testing for over 3 1/2 years to improve the communication and understanding of the Divine Message. Translation passages were given to the New Muslim and Non-Muslim high school and college students for reading under the supervision of various Ulema (scholars). After reading, the person was asked to explain as to what he/she understood from the passage. If his/her understanding was the same as is in the Arabic Text of the Holy Qur’an then we concluded that we have been successful in conveying the Divine Message properly. If his/her understanding was different than what the Qur’anic verses were stating, we kept on rewording the translation until those verses were understood properly. It was tremendous patience on part of the participants. May Allah reward them all. (2) Simplicity: In this translation Simple Language and Direct Approach is used for appealing to the common sense of scholars and common people. (3) Understandability: There are no foot notes to refer and no commentary or lengthy explanations to read. All necessary explanations have been incorporated right there in the text with italic type setting to differentiate from the translation of the meanings of Qur’anic Arabic Text. (4) Outline of Pertinent Information: Before the start of each Srah, information relating to its Period of Revelation, Major Issues, Divine Laws and Guidance has been presented as an outline. Then a summary of the preceding events has been tabulated for the reader to understand the histo’rical background to grasp the full meaning of the Divine Message. (5) Reviews, Input and Approvals: This project was started in 1991 and initial draft completed in 1994. Then the Translation was sent to different Ulema (Scholars) in Town and throughout United States for their review and input. After their reviews and input it was sent to Jme Al-Azhar Al-Sharif in Egypt, Ummal Qur in Saudi Arabia and International Islamic University in Pakistan for their review, input and approval. This translation was published after their reviews and approvals.

A Message for Our Time
Hazrat Mirza Masroor Ahmad 2019-03-01
The western world is seeing a rise in intolerance, hate, and violence. The media exacerbates this by painting inaccurate pictures of immigrants, minorities, and of Islam and Muslims in particular. Consequently, there is a pressing need for clarifying what Islam is and is not, so as to foster mutual brotherhood amongst people of all beliefs. In four speeches delivered during a tour of the United States and Guatemala, His Holiness Mirza Masroor Ahmad, head of the worldwide Ahmadiyya Muslim Community, offers a formula for achieving peace in our communities, nations, and indeed throughout the world. His Holiness explains that the true purpose of mosques is to be a center of peace where Muslims join together in order to worship God Almighty and to serve humanity, irrespective of belief or background. Furthermore, the building of hospitals enables the service of mankind which itself becomes a form of worship. This cumulative spirit is the way to protect our future and enable us to leave behind a better world for our children.

The Amazing Qur’an
Gary Miller - XKP 2015-11-05
Calling the Qur’an amazing is not something done only by Muslims, who have an appreciation for the book and who are pleased with it; it has been labelled amazing by non-Muslims as well. In fact, even people who hate Islam very much have still called it amazing.This book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Ahlulbayt Organization (www.shia.es) is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. The Message of the Quran, Islam and the Life of Prophet Muhammad
Faisal Fahim 2015-07-05
This book contains a summary of The Bible The Quran and Science 2014 of Dr. Maurice Bucaille, the biography of prophet Muhammad (pbuh), An Islamic prayer book according to Quran and Sunnah, and last but not least is that this book also contains "The Qur'an & Modern Science: Compatible or Incompatible? 2014" by Dr. Zakir Naik and Mr.Faisal Fahim. This is an A to Z book on Islam, Quran, Bible, Torah, Science And it also includes the Islamic prayer book with a biography of the prophet. This book seeks to spiritually unite by highlighting similarities in the texts. It sheds new light and dispels many preconceived ideas in separating what belongs to Revelation from what is the product of error or human interpretation. (The Qur’an & Modern Science: Compatible or Incompatible?)Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur’an, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains Divine guidance for all humankind. Since the message of the Qur’an is believed to be for all times, it should be relevant to every age. Does the Qur’an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur’an, in the light of established scientific discoveries. There was a time, in the history of world civilization, when ‘miracles’, or what was perceived to be a miracle, took precedence over human reason and logic. But how do we define the term ‘miracle’? A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation. However, we must be careful before we accept something as a miracle. An article in The Times of India’, Mumbai, in 1993 reported that ‘a saint’ by the name ‘Baba Pilot’ claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this ‘miraculous’ feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The Baba' was hiding something. It as a gimmick simply to gain publicity. THIS BOOK HAS MUCH MORE ADDED INFORMATION ON THE NEW DISCOVERIES OF SCIENTIFIC INFORMATION FOUND IN THE HOLY QURAN & THIS INFORMATION IS ARRANGED AND ORGANIZED BY AUTHOR MR.FAISAL FAHIM. THE LATEST INFORMATIONS ARE ALL ADDED IN 2014 REVEIWD BY FAISAL.Allah (swt) Says: "Invite to the Way of your Lord (i.e. Islam) with wisdom (i.e. with the Divine Revelation and the Qur'an) and fair preaching, and argue with them in a way that is better. Truly, your Lord knows best who has gone astray from His Path, and He is the Best Aware of those who are guided."[Quran 16:125]From author: To the people who loved reading & purchasing my book.Please share my book & tell others about it.And please write a positive review about my book on the website.I really appreciate it & thank you very much. Sincerely, Your author Mr.Faisal Fahim

Quran: A Simple English Translation (Goodword ! Koran)
Maulana Wahiduddin Khan (Translator) 2013-12-19
The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man’s discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes.

Lessons from the Stories of the Quran

THE DIVINE SYSTEM
Iman Omeed Khan MD 2015-06-19

The history of Islam as the faith of God has been buried and lost to antiquity, but the message in the Quran has been gaining renewed visibility as both a very negative and as a positive influence. In spite of its growing visibility, there are baffling issues, as with all “religions”, whether the individual, in reality, adheres to the tenets of the Quran and the Faith. There is clearly a phenomenal misunderstanding prevalent about Islam and the Quran. The author undertook a serious study of the Quran over several years and dispassionately stresses the importance and relevance of the text to contemporary times where heated arguments persist as to which is the “better”/true religion.

Message Of The Quran by Kabir Helminski

The author presents direct quotes from the Quran and provides explanations thereof based on textual commentaries and her personal understanding with the sincere hope that those who are interested in knowing the basic facts in the Quran get a clearer understanding of this preserved word of God.

Essential Message of Islam
Muhammad Yunus 2009
"The Qur’an has been interpreted by many scholars (Muslims and non-Muslims) for centuries, and many interpretive works presently in circulation are more or less similar in tone and contents. The ‘Essential Message of Islam,’ however, is a challenging book that stands apart from the traditional interpretive works. Evolved primarily by a computer-aided scrutiny of the Qur’anic text, the book provides an invaluable source that offers eye-opening and enlightening insights to the Muslims’ sacred Text, without any personal, sectarian, cultural or gender influences. The book removes any misconception about Muslim-Christian-Jewish relationships, presenting Islam as a ‘Universal Religion’ that promotes a peaceful coexistence of people of all faiths. A must read book for all!’ -- Publisher description.

A Thematic Commentary on the Qur’an
Muhammad Ghazali 2000
In a multi-faith world, Islam is widely regarded as dogmatic and exclusivist. Yet in the Qur’an we have a great and worthy example of how to live in diversity, of powerful scriptural tenets that lend themselves precisely to engagement with those of other faiths. As such Islam has much to add to the debate on Religious Pluralism. For Muslims the issue is a delicate one. Aside from being tolerant and respectful of other faiths, advocating freedom of faith, and peaceful coexistence for all humanity, Muslims have to intellectually engage on matters of religious truth whilst defending the validity of their own Islamic tenets. This study is focused on the Qur’anic text. It explores the Qur’anic conception of normative religious pluralism with a view to providing answers to questions such as whether the Qur’an itself regards normative religious pluralism as a value system or simply a method through which the Qur’anic world view can be actualized. In doing so the author corrects some highly controversial misquoted, mistranslated, and/or quoted out of context verses of the Qur’an, including the so-called verse of the sword and the perception of not taking non-Muslims as friends. In reality, the Qur’an calls for freedom of faith and peaceful coexistence, but condemns oppression, religious persecution, and those who initiate hostilities. In this way it not only invokes human dignity, but restores it when it is violated.

English Translation of the Qur’an, the Meaning of the Quran, the Message of the Quran, the Secrets of the Koran

The Miraculous Language of the Qur’an
Musfir bin Ali al-Qahtani 2015-01-12
This study illustrates why the language of the Qur’an is miraculous, unique, and evidence of divine authority. The author compares the language of the Qur’an with the language of pre-Islamic poetry, the Prophets’ words (hadith), and the language of the Arabs both past and present, to demonstrate that although the Qur’an was revealed in Arabic it was at the same time an Arabic which was entirely new. Original and early Muslim audiences viewed this as miraculous and responded to the Qur’an’s words, sounds, rhythms, etc. in a manner consistent with a deeper appreciation of its beauty and majesty which modern ears, trained by familiarity, and despite being surrounded by all manner of dictionaries and studies, are at a loss to capture. The author attempts to remove this veil and present the Qur’an to readers as if hearing it for the first time, to bring to life some of this wonder. In doing so he guides readers to appreciate the beauty of the Qur’an, to become more immersed in it, and to have a clearer understanding of its structure and flow. Devoting special attention to Surah Al Muddaththir, to underpin his analysis, Saeh thus brings the Revelation to life, to demonstrate that each surah has distinct features and characteristics that make it stand out uniquely within the design and sweep of the whole.

The Road To Mecca
Muhammad Asad 1954
Part travelogue, part autobiography, "The Road to Mecca" is the compelling story of a Western journalist and adventurer who converted to Islam in the early twentieth century. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle East, Afghanistan and India. This is an account of Asad’s adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man’s search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, "The Road to Mecca" is a work of immense value today.
