**Practice Guide for CLEP Principles of Microeconomics** Avatar Virtual Learning 2017-05-29 Testing out of college courses using programs like the College Level Examination Program (CLEP) can provide students with college credit for subjects that they have not studied on a college campus but have mastered by other means (independent study, on-the-job training, and previous coursework) and it will save time and money. But how will a student know if this approach is right for them? This guide is intended to answer that question for students who are interested in taking CLEP’s Principles of Microeconomics. It provides general information on the CLEP program along with suggestions on how to preparing for the exam. There is a subject breakdown of Principles of Microeconomics exam, the topics that will be covered and a list of online resources which can be used to study or review these topics. There are two practice tests; each is structured like the official exam with 80 multiple choice questions. Each practice test comes with an answer key and an explanation section on the reason why each answer is the right one.

**Economics Express: Microeconomics Ebook** Stuart Wall 2013-08-27 Welcome to Economics Express – a series of short books to help you: · take exams with confidence · prepare and deliver successful assignments · understand quickly · revise and prepare effectively. As you embark on your economic journey, this series of books will be your helpful companion. They are not meant to replace your lectures, textbooks, seminars or any other sources suggested by your lecturers. Rather, as you come to an exam or an assignment, they will help you to revise and prepare effectively. Whatever form your assessment might take, each book in the series will help you to build up the skills and knowledge you will need to maximise your performance. Each topic-based chapter will outline the key information and analysis, provide sample questions with responses, and give you the assessment advice and exam tips you will need to produce effective assessments based on these core topics. A companion website provides supporting resources for self testing, assessment, exam practice and answers to questions in the book. Stuart Wall is series editor and Professor of Business and Economics Education. He is one of the UK's leading authors across a wide range of economic areas, with many of his textbooks translated into Chinese, Russian and other foreign languages. Stuart has extensive experience of assessing students' work in economics from many UK and overseas universities.
