Ideas for Teaching English in the Junior High and Middle School National Council of

Teachers of English 1980 The nearly two hundred activities in this teaching guide for language arts in the junior high and middle school are arranged in five sections: studying language, communicating orally, reading and reading literature, writing, and listening and viewing. Each section opens with a list of activities, a brief introductory statement, and suggested reading. Sections are subdivided to help teachers locate activities related to particular curriculum units or areas of special interest. All activities were adapted to fit a unified format: purpose, preparation, and presentation. Approximately half of the activities contain material that should be distributed to students and these material sheets are printed separately for ease of reproduction and are presented in a special section. The appendix contains articles on parental involvement in the language arts program and on a two-year program in junior high school writing. (MKM)

Letters to a Bullied Girl Olivia Gardner 2009-10-13 Olivia Gardner, a northern California teenager, was severely taunted and cyber-bullied by her classmates for more than two years. News of her bullying

spread, eventually reaching two teenage girls from a neighboring town, sisters Emily and Sarah Buder. The girls were so moved by Olivia's story that they initiated a letter-writing campaign to help lift her spirits. It was a tender gesture of solidarity that set off an overwhelming chain reaction of support, encouragement, and love. In *Letters to a Bullied Girl*, Olivia and the Buder sisters share an inspiring selection of messages that arrived from across America—the personal, often painful remembrances of former targets, remorseful bullies, and sympathetic bystanders. *Letters to a Bullied Girl* examines our national bullying epidemic from a variety of angles and perspectives, and includes practical guidance from bullying expert Barbara Coloroso, author of *The Bully, the Bullied, and the Bystander*. Though addressed to Olivia, the letters speak to all young people who have been bullied, offer advice and hope to those who suffer, and provide a wake-up call to all who have ever been involved in bullying.

Writing letters to his mom convinced her to let him get his pet iguana, so Alex puts pencil to paper again, this time determined to get his own room. Though all of his powers of persuasion can't get his dad to expand the house, he does come through with a fun alternative to give Alex some space of his own.

Ideas Plus National Council of Teachers of English 1998 Culled from ideas contributed by people attending conferences of the National Council of Teachers of English and by readers of "NOTES Plus" and "IDEAS Plus," the activities contained in this booklet are intended to promote the effective teaching of writing and literature. Teaching strategies offered in the first section of the booklet involve prewriting and writing. They include activities in which students invent stories; use instrumental music to explore mood; write what they know; look for help in writing transitions by using the "National Enquirer"; write friendly letters; and write books in which they are the main characters. In the activities of the second section, which are designed to teach students to read and learn actively, thoughtfully, and critically, students: explore Chaucer's "Canterbury Tales" and the concept of the pilgrimage; use popular music to make a connection with "Romeo and Juliet"; consider peer recommendations for reading motivation; respond to "The Adventures of Huckleberry Finn" by writing about a place where they feel as Huck does on his raft; think about what they value most in preparation for reading and discussing "King Lear"; and use short film clips from different interpretations of "Hamlet" to help them compare the artistic choices of actors and directors. Among the teaching ideas in the third section are a student-centered approach to planning service learning projects; a suggestion for giving student experts center stage in the classroom; a way to use color to help both teacher and students see patterns in students' writing; and a 3-D poster project that gives full rein to students' creative powers. The Writing Revolution Judith C. Hochman
2017-08-07 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can

turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, The Writing Revolution can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.
