### **The Drama Teacher's Survival Guide #2**

Margaret F. Johnson 2011 Drama teachers everywhere enjoyed Ms. Johnson's first survival kit so much that she wrote another one! While the first book focuses on everything about a complete stage production, this one covers every aspect of classroom theatre arts. Students will learn group activities, improvisation, technical theatre, choral reading, mime, stage fighting and more. The book includes a step-by-step 10-day assignment using monologues for character development and a unit that teaches students

how to write their own show. Examples, illustrations and photos all help ensure that the reader understands how to use these proven ideas. Reproducible forms, tests, handouts and a list of additional resources also add value to this survival kit. Both beginning and seasoned drama directors will find this book to be an invaluable aid. As with the original book, it will banish your stress and guarantee your success!

**Positive Psychology in Higher Education**  
Acacia C. Parks 2014-01-21 Positive psychology - the scientific study of happiness - is a rapidly burgeoning field, and in no area more so than education. More departments than ever are offering courses in positive psychology, and demand for these courses is consistently high. Graduate programs offering concentrations in positive psychology have appeared at both masters and doctoral level. Educational institutions have expressed interest in using principles of positive psychology to inform institutional structure, faculty development and pedagogy. Positive psychology has been taught and applied in higher education for almost as long as it has existed as a field, but there is little in the way of published literature that brings all of these developments together. The chapters in this volume represent the use of positive psychology at all levels of higher education -

from institutional practices and curricular development to pedagogy and the teaching of positive psychology content itself. This book provides an in-depth look at this exciting area of applied positive psychology which will be relevant to educators and administrators alike. This book is based on a special issue of The Journal of Positive Psychology.

*Adaptive Leadership: The Heifetz Collection (3 Items)* Ronald A. Heifetz 2014-09-23 In times of constant change, adaptive leadership is critical. This Harvard Business Review collection brings together the seminal ideas on how to adapt and thrive in challenging environments, from leading thinkers on the topic—most notably Ronald A. Heifetz of the Harvard Kennedy School and Cambridge Leadership Associates. The Heifetz Collection includes two classic books: *Leadership on the Line*, by Ron Heifetz and Marty Linsky, and *The Practice of Adaptive Leadership*, by Heifetz, Linsky, and Alexander

Grashow. Also included is the popular Harvard Business Review article, “Leadership in a (Permanent) Crisis,” written by all three authors. Available together for the first time, this collection includes full digital editions of each work. Adaptive leadership is a practical framework for dealing with today’s mix of urgency, high stakes, and uncertainty. It has been used by individuals, organizations, businesses, and governments worldwide. In a world of challenging environments, adaptive leadership serves as a guide to distinguishing the essential from the expendable, beginning the meaningful process of adaptation, and changing the status quo. Ronald A. Heifetz is a cofounder of the international leadership and consulting practice Cambridge Leadership Associates (CLA) and the founding director of the Center for Public Leadership at the Harvard Kennedy School. He is renowned worldwide for his innovative work on the practice and teaching of leadership. Marty Linsky is a cofounder of CLA

and has taught at the Kennedy School for more than twenty-five years. Alexander Grashow is a Senior Advisor to CLA, having previously held the position of CEO.
