No Disrespect Sister Souljah 1996-01-30 From the #1 New York Times bestselling author, rapper, and activist—Sister Souljah uses her passionate voice to deliver what is at once a fiercely candid autobiography and a survival manual for any Black woman determined to keep her heart open and her integrity intact in modern America. Each chapter of No Disrespect is devoted to someone who made a difference in Sister Souljah's life—from the mother who raised her to the men who educated (and mis-educated) her about love—and each bares a controversial truth about the Black condition in America: the disintegration of families; the unremitting combat between the sexes; and the thousand and one ways in which racism continues to circumscribe how Black people see themselves and treat one another. The result

is an outspoken and often courageous rejoinder to the pieties of race, class, and gender by a writer who is at once wise, bawdy, brutally funny, and as sensitive a lightning rod in a thunderstorm.

-New York Post We'd had to be cut free of our mother's womb. She'd never have been able to push the two-headed sport that was me and Abby out the usual way. Abby and I were fused, you see. Conjoined twins. Abby's head, torso, and left arm protruded from my chest. But here's the real kicker; Abby had the magic, I didn't. Far as the Family was concerned, Abby was one of them, though cursed, as I was, with the tragic flaw of mortality. Now adults, Makeda and Abby still share their childhood home. The surgery to separate the two girls gave Abby a permanent limp, but left Makeda with what feels like an even worse deformity: no mojo. The daughters of a celestial demigod and a human woman, Makeda and Abby were raised by their magical father, the god of growing things--a highly unusual childhood that made them extremely close. Ever since Abby's magical talent began to develop, though, in the form of an unearthly singing voice, the sisters have become increasingly distant. Today, Makeda has decided it's high time to move out and make her own life among the other nonmagical humans--after all, she's one of them. In Cheerful Rest, a run-down warehouse space, Makeda finds exactly what she's been looking for: an opportunity to live apart from Abby and begin building her own independent life. There's even a resident band, led by the charismatic (and attractive) building superintendent. But when her father goes missing, Makeda will have to discover her own talent--and reconcile with Abby--if she's to have a hope of saving him . . .
