Old Man Owen Adkins of Turkeycock Mountain Chris Hanks 2018-02-07
Pittsylvania County, Virginia native Owen Adkins lived from 1785 to 1885. In 1878 he was the subject of an in-depth interview and article for the

New York Herald. He and the writer discussed many aspects of life in Virginia from the early 1800's through the American Civil War. They covered such issues as politics, horse racing, card playing, foot racing, fox hunting, George Washington, the War of 1812, John Randolph of Roanoke, and the Civil War. Perhaps the most interesting aspect of Mr. Adkins' life is his claim to seventy children. He talks with the writer about his two lawful wives and numerous concubines. His descendants are said to have already numbered 550 at the time of the interview in 1878.

William Faulkner and Southern History Joel Williamson 1995-12-14 One of America's great novelists, William Faulkner was a writer deeply rooted in the American South. In works such

as *The Sound and the Fury*, *As I Lay Dying*, *Light in August*, and *Absalom, Absalom!* Faulkner drew powerfully on Southern themes, attitudes, and atmosphere to create his own world and place--the mythical Yoknapatawpha County--peopled with quintessential Southerners such as the Compsons, Sartoris, Snopes, and McCaslins. Indeed, to a degree perhaps unmatched by any other major twentieth-century novelist, Faulkner remained at home and explored his own region--the history and culture and people of the South. Now, in *William Faulkner and Southern History*, one of America's most acclaimed historians of the South, Joel Williamson, weaves together a perceptive biography of Faulkner himself, an astute analysis of his works, and a revealing history of Faulkner's ancestors in Mississippi--a family history that becomes, in Williamson's skilled hands, a vivid portrait of Southern culture itself. Williamson provides an insightful look at Faulkner's ancestors, a group sketch so brilliant that the family comes alive almost as vividly as in Faulkner's own fiction. Indeed, his ancestors often outstrip his characters in their colorful and bizarre nature. Williamson has made several discoveries: the Falkners (William was the first to spell it "Faulkner") were not planter, slaveholding "aristocrats"; Confederate Colonel Falkner was not an unalloyed hero, and he probably sired, protected, and educated a mulatto daughter who married into America's mulatto elite; Faulkner's maternal grandfather Charlie Butler stole the town's money and disappeared in the winter of 1887-1888, never to return. Equally important, Williamson uses these stories to underscore themes of race, class, economics, politics, religion, sex and violence, idealism and Romanticism--"the rainbow of elements

in human culture"--that reappear in Faulkner's work. He also shows that, while Faulkner's ancestors were no ordinary people, and while he sometimes flashed a curious pride in them, Faulkner came to embrace a pervasive sense of shame concerning both his family and his culture. This he wove into his writing, especially about sex, race, class, and violence, psychic and otherwise. *William Faulkner and Southern History* represents an unprecedented publishing event--an eminent historian writing on a major literary figure. By revealing the deep history behind the art of the South's most celebrated writer, Williamson evokes new insights and deeper understanding, providing anyone familiar with Faulkner's great novels with a host of connections between his work, his life, and his ancestry. Pittsylvania County and the War of 1812 Larry G. Aaron 2014-11-18 Rural Pittsylvania County and Danville, Virginia, remained far from the fields of conflict during the War of 1812. Yet its sons served valiantly along the Canadian frontier and in the defense of Richmond, Norfolk and Baltimore as British forces plundered villages up and down the Chesapeake Bay. General Andrew Jackson's wife, Rachel, a county native, celebrated the victory at the Battle of New Orleans with him. The homefront endured economic tribulations yet stood faithfully by its soldiers. Author and historian Larry G. Aaron reveals how Pittsylvania County served, suffered and sacrificed during the nation's second war of independence.

Rhode Island Freemen, 1747-1755 Bruce C. MacGunnigle 2009-06 In 1746 an act was passed by the General Assembly of Rhode Island requiring that all

freemen take an oath against bribery and corruption. When the act was complied with in the following year, it effectively created a census of freemen. In all, 1,867 persons took the oath in 1747, but unfortunately their names, along with the lists of names for the next eight years, were not included in John Bartlett's ten-volume "Colonial Records of Rhode Island." The omission of these nine years constitutes a substantial loss in the published records of freemen, the additional lists by Sidney S. Rider notwithstanding. This present work, however, makes good the loss, and although it appears a modest undertaking it contains an alphabetical list of 4,199 Rhode Island freemen for the years 1747-1755, giving the town of residence and the date the individual was created a freeman.

Sketches of Prominent Tennesseans

William S. Speer 2010-04 "I had a native ambition to rise from obscurity and make myself useful in the world, to shine and be distinguished." So said the Hon. Neil S. Brown, one of the 259 prominent 19th-century Tennesseans profiled in this extraordinary book. It is this kind of unique first-hand biographical information that makes this work unequaled in the canon of Tennessee genealogical literature. Not only did compiler William S. Speer have the unparalleled opportunity to interview a number of the featured Tennesseans himself, he also was able to garner--and include in this book--thousands and thousands of names of their family members, friends, and colleagues. The biographical sketches include numerous details about the lives of the subjects and their families. In addition, the compiler offers insight into the personal, professional, and sometimes even physical characteristics that made each of these men a success.

Christian Co, KY Turner Publishing 1991-06 Christian County had published a county history in 1841 by Perin and again another by Charles Meachem in 1930. Both of these histories had a limited biography section in them. Under the leadership of president Lon Bostick, the Genealogical Society of Christian County and the many devoted people of the county at large, gave untiringly of their time and knowledge to compile and have published a third history of Christian County in 1986 which is primarily a family history with much social history. The people responded well with material and the book was getting so large that we had to stop receiving family histories. This left many without the opportunity to get their families recorded. Late in 1990, Lon had a job started and was not complete therefore the Odd Fellows of Green River Lodge #54 of Hopkinsville and Jewel Rebekah Lodge #14 (the auxiliary of the Odd Fellows) met and voted to compile and have published a continuation of Volume I of the Family Histories to be titled Edition I of Family Histories of Christian County.

Pittsylvania County was created in 1767 from Lunenburg and Halifax Counties. This well-documented book not only covers the county from its creation but also includes material form its parent counties as well the contiuous counties of Bedford, Campbell, Franklin, Henry, and Patrick. Besides the traditional information found in similar books of the era, such as discussions of: Indians, First settlements, creation of the county, its involvement in the

French and Indian War along with the Cherokee War, Churches/Religion, Pre and Post Revolutionary War, the War of 1812, the Civil War and WWI. All of this helps in developing path ways and ideas of how the citizens of the county dealt with the development of the county. The reader will also discover a 1767 list of tithables of the county with the names of approximately 1,000 land and property owners. This book has loads of extremely useful and detailed tidbits of genealogical information along with mini biographies of these early settlers interdispersed through out the book included within the tremendous numbers of footnotes. The reader may discover those lost relatives thru the mentioning of marriages, Wills, Deeds, Military and Court records. The index within this book mentions approximately 5,000 individuals.

The History of Pittsylvania County, Virginia Maud Carter Clement 1973 The book rings with the names of early inhabitants and prominent citizens. For the genealogist there is the important and wholly fortuitous list

of tithables of Pittsylvania County for the year 1767, which enumerates the names of nearly 1,000 landowners and property holders, amounting in sum to a rough census of the county in its infancy. Additional lists include the names, some with inclusive dates of service, of sheriffs, justices of the peace, members of the House of Delegates, 1776-1928, members of the Senate of Virginia, 1776-1928, clerks of the court, and judges.

38th Virginia Infantry Robert Snow 2018-07-05 The 38th Virginia Infantry was organized in May and June of 1861, in the southern Virginia counties of Pittsylvania, Halifax, and Mecklenburg. Seven of the ten Companies were recruited in Pittsylvania, thus it was called the Pittsylvania Regiment. Less than a year prior, census takers unknowingly finished recording for posterity the men who would go to war. An in depth study shows seven Virginia counties and six North Carolina counties bordering the recruitment area of Pittsylvania, Halifax, and Mecklenburg would contribute men to the 38th Virginia. The 38th Virginia Infantry was in the field of battle from Yorktown in April of 1862, to Appomattox on April 9, 1865. The largest losses suffered were at battles of 7 Pines, Malvern Hill, Gettysburg, Chester Station, and the 2nd Battle of Drewry's Bluff. Herein is detail on the orders of battles, the prison camps endured, and the names of parents and wives of the soldiers, with focus on the census of 1860.
