HM Treasury Analysis 2016 "On 23 June 2016, the British people will make the most important decision for a generation - whether the United Kingdom (UK) should remain a member of the European Union (EU). This document provides rigorous and objective economic analysis of the long-term impact of remaining a member of the EU compared to the alternatives. The HM Treasury analysis uses a widely adopted gravity modelling approach, which distinguishes the specific effect of EU membership and the alternatives from all the other influences that determine trade and foreign direct investment (FDI). The consequences for productivity and Gross Domestic Product (GDP) are then estimated based on the most relevant external evidence on the impact of trade and HM Treasury modelling of FDI. Through a range of realistic assumptions, many of them cautious, the HM Treasury analysis produces robust estimates, which are within the range of external studies."--Executive summary.

Kumba Africa Sampson Ejike Odum 2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Moon-face and Other Stories Jack London 1919 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Ghettoside Jill Leovy 2015-01-27 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE, USA TODAY, AND CHICAGO TRIBUNE • A masterly work of literary journalism about a senseless murder, a relentless detective, and the great plague of homicide in America NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • The Boston Globe • The Economist • The Globe and Mail • BookPage • Kirkus Reviews On a warm spring evening in South Los Angeles, a young man is shot and killed on a sidewalk minutes away from his home, one of the thousands of black Americans murdered that year. His assailant runs down the street, jumps into an SUV, and vanishes, hoping to join the scores of killers in American cities who are never arrested for their crimes. But as soon as the case is assigned to Detective John Skaggs, the odds shift. Here is the kaleidoscopic story of the quintessential, but mostly ignored, American murder—a "ghettoside" killing, one young black man slaying another—and a brilliant and driven cadre of detectives whose creed is to pursue justice for forgotten victims at all costs. Ghettoside is a fast-paced narrative of a devastating crime, an intimate portrait of detectives and a community bonded in tragedy, and a surprising new lens into the great subject of why murder happens in our cities—and how the epidemic of killings might yet be stopped. Praise for Ghettoside "A serious and kaleidoscopic achievement . . . [Jill Leovy is] a crisp writer with a crisp mind and the ability to boil entire skies of information into hard journalistic rain."—Dwight Garner, The New York Times "Masterful . . . gritty reporting that matches the police work behind it."—Los Angeles Times "Moving and engrossing."—San Francisco Chronicle "Penetrating and heartbreaking . . . Ghettoside points out how relatively little America has cared even as recently as the last decade about the value of young black men's lives."—USA Today "Functions both as a snappy police procedural and—more significantly—as a searing indictment of legal neglect . . . Leovy's powerful testimony

demands respectful attention.”—The Boston Globe

The Substance of Style Virginia Postrel 2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.
