Science David Johnston 2019-03-29

Dr Korczak's Example David Greig 2004-05 Set in the final, numbered, days of an orphanage in the Warsaw ghetto in 1942, this play is based on real events. It's 'alienation' device of depicting its characters through the use of dolls, further enhances our painful feeling of powerlessness. Yet, in spite of its tragic outcome, it leaves us uplifted by the power of love.

Jeremy Pollard 2019-09-27

Blood Leverage J. S. Hazzard 2014-06-17 As humanity struggles with the aftermath of a century-long vampiric bloodbath, life outside the remaining great cities revolves around being inside by sunset and never questioning the status quo. Aurora Strong is practically a pariah in her village thanks to her mother's infamous involvement with vampires -- not to mention her own inability to play by the rules. Not content with being a mere social outcast, Rory conspires in a secret, and very illegal, blood brokering scheme. She enjoys her private rebellion against the town that shuns her -- until her partner in crime goes missing, and suddenly it's not about her anymore. Now, with her partner either enslaved as a living blood bank or already dead, Rory's illicit blood brokering contacts are her only hope of making things right. Assuming they allow her to leave...or even to live.

Talk-Less Teaching Isabella Wallace 2014-05-15 Teacher-talk is a powerful tool. But whilst we must embrace teacher-talk as vital, we must also bear in mind that not all teacher-talk is created equally... Long periods of talk will not always keep a class spellbound. We need other techniques on which we can draw to help pupils

embed learning and make progress. After all, how can we be effectively checking progress and understanding when it is we who are doing all the talking? How can we be certain that the sea of 'attentive' faces before us is not simply contemplating lunch? The solution is here: a vast bank of exciting, engaging, practical ways to allow learners to access and understand complex topics and skills without relentlessly bending their ears. Strategies which not only prevent pupils from being passengers in lessons, but which also make progress visible to both teacher and learner. In an entertaining and practical way, Talk-Less Teaching shows you how to encourage learners' responsibility for their own progress without compromising test results or overall achievement. Discover hundreds of tried and tested practical tips for helping pupils understand difficult concepts and learn new skills without developing lecture-laryngitis.

The Original Dream Nukila Amal 2017 For Maya, history is like a dream, and her dreams are like a history of her life and how it relates to others. Effortlessly defying and calling into question time and space, Maya inhabits fantastical realities filled with shamans, romantic longing, a daughter's struggles, and a flying dragon. Lyrically flowing between Maya's multiple realities, The Original Dream is the story of a young independent Indonesian woman trying to break free from cultural and social conventions while also searching for her place among family and friends. With guidance from her parents, coworkers, and sister, along with a newborn filled with the wisdom of elders, Maya navigates her perceptions, looking for answers to unknown questions. Whether soaring through the nighttime sky, caring for her nephew, or tending to guests at the hotel where she works, she tries to delineate the difference between dreams and reality and if such a difference even matters.

Two Faces Manon Steffan Ros 2016-09-20 A drama that explores our use of social media. The internet provides us with an opportunity to make the best of ourselves - pretty selfies, smart remarks and thousands of friends. But what is the relationship between web and real life? Is everyone telling lies on the web, and what happens when those lies turn to dangerous deceptions?
