CBT for College Students with ADHD Arthur D. Anastopoulos 2020-12-03 This book provides an

overview of the ACCESS program, a mental health program that has been developed and tested as an efficacious treatment for college students with ADHD. This program is at the cutting edge of clinical research, incorporating treatment strategies that allow for dissemination in real world settings in order to effectively assist college students experiencing difficulties in their academic, personal, social, and emotional functioning. As cognitive behavioral approaches have proved to be the most successful psychological treatments to date, the techniques in this volume follow that model in a detailed and nuanced fashion. The authors provide a week by week breakdown of the program, supplemented by handouts and worksheets designed to facilitate better understanding of the areas targeted by the program. Filling a notable gap in research addressing the ADHD college student population, CBT for College Students with ADHD is a crucial resource for campus mental health practitioners as well as a broad range of clinicians dealing with emerging adults.

When Parents Text Sophia Fraioli 2011-09-01 A collection of insanely funny texts between parents and kids, When Parents Text is a surprisingly affecting window into the complicated time when parents aren't ready to let go, and kids aren't ready to be let go. The parents are well-meaning but hopeless, silly and a little corny, and befuddled by the technology. The kids are bewildered yet patient: the perfect straight man. And the authors, two recent college graduates, Lauren Kaelin and Sophia Fraioli, have an unerring editorial instinct to select the funniest, sweetest, quirkiest, most-telling exchanges. There's the revelatory: Mom: My fingers are saying words. This is amazing. The virtual scolding: Dad: I will deal with your sassy behavior when I get home. Meanwhile have some fiber. The autofill-challenged: Mom: dig up some tadpoles on ur way homo. Me: ummm, what? Mom: It autocorrected me. I mean to say dig up some tadpoles on ur way homo. (4 minutes later) Mom: PICK UP SOME TAMPONS ON YOUR WAY HOME. The manically inappropriate: Mom: Woo Hoo—Ruth died, you know Uncle Lyman's wife, BUT I have your Braves tickets and check on the table!! And the downright inexplicable: Dad: You could poop your pants in the yankee candle store and no one would know. Launched as a website just last year, www.whenparentstext.com is a phenomenon. It receives 300,000 to 500,000 page views a day, with features in The Huffington Post, Entertainment Weekly, College Humor, and more. When Parents Text includes the best of texts from the website, plus more than 50 percent all-new material never before published. Includes an emoticon glossary and 16-page color insert of MMS texts—multimedia messaging service, aka, bizarre photos from mom and dad. It's the perfect gift for every text-savvy kid to give to his or her parents.

Radar Instruction Manual United States. Maritime Administration 2005 Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardized up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. King Peggy Peggielene Bartels 2013-02-12 The charming real-life fairy tale of an American secretary who discovers she has been chosen king of an impoverished fishing village on the west coast of Africa. King Peggy chronicles the astonishing journey of American secretary, Peggielene Bartels, who suddenly finds herself king to a town of 7,000 people on Ghana's central coast, half a world away. Upon arriving for her crowning ceremony in beautiful Otuam, she discovers the dire reality: there's no running water, no doctor, no high school, and many of the village elders are stealing the town's funds. To make matters worse, her uncle (the late king) sits in a morgue awaiting a proper funeral in the royal palace, which is in ruins. Peggy's first two years as king of Otuam unfold in a way that is stranger than fiction. In the end, a deeply traditional African town is uplifted by the ambitions of its decidedly modern female king, and Peggy is herself transformed, from an ordinary secretary to the heart and hope of her community.
