But when the severed limbs of his former patients start turning up in Philadelphia parks, everything he’s worked for threatens to collapse. Covered in bite marks and bearing recent surgical implants, the hacked-off limbs heighten the anxiety among his already traumatized coworkers, many of whom survived a plane crash in Alaska the month before. Could someone they know be a killer? Limited time offer. There are more than 60 serial murderers in Canadian history. For too long awareness of serial murder in Canada has been confined toWest Coastbutcher Clifford Olson and the "Schoolgirl Murderers" Paul Bernardo and Karla Homolka, along with the horrific acts of pig farmer Robert Pickton. Unlike our American neighbours, Canada has been viewed as a nation untouched by the shadow of multiple murder. Then came Colonel Russell Williams and his bizarre homicides and serial home invasions, which were sensational news worldwide on the Internet and television and in scores of newspapers and magazines. The reason for Canada’s serial killer blackout is clear: until now such information has never been compiled and presented in a single concise work. ColdNorth Killers is a wake-up call. This detailed and haunting account of Canada’s worst monsters analyzes their crimes, childhoods, and inevitable downfalls. It is an indispensablecompendium for any true crime lover, criminologist, or law-enforcement officer.

Lusitania R.E.X Greg Taylor 2015-04-14 "Finalist for the M.M. Bennett Award for Historical Fiction to be announced June 27th 2015." 'LUSITANIA R.E.X' is an historical account of the sinking of the Lusitania replete with spies and secret societies, super weapons, millionaires and martyrs. After being struck by a single torpedo on May 7th 1915, the Lusitania sank in only eighteen minutes. Passengers such as Alfred Vanderbilt, one of the wealthiest men in the world, ignored warnings from the German embassy, confident the fastest ship in the world could outrun enemy submarines. Since the time of her sinking, the Lusitania has been wrapped in mystery and intrigue. Experts continue to debate the cause of the second explosion that sealed her fate after the torpedo struck. Imperial Germany immediately claimed she was loaded with explosives destined for the front. LUSITANIA R.E.X weaves a tale around disputed facts to create a plausible explanation of some of the mysteries surrounding her sinking. Greg Taylor's passion for research has led him to develop first-hand relationships with the descendants of some of the characters in the book, including the Duke of Marlborough and Alfred G Vanderbilt III. He was drawn to the tale of Lusitania because he was fascinated by the cataclysm of elegant Edwardian society caused by the brutal warfare the industrial success of that society made possible. His passion for research and discovery has taken him to the numerous historical sites that appear in the book. Undergraduate studies in history at Williams College in Massachusetts and the University of Durham, England, are reflected in the book. Greg attended the School of Management at Yale University where he lives one block from The Tomb of Skull and Bones. London has been Greg's home since 2000 and he has divided his investment banking and asset management career between New York and London.

Workers unearth a 1977 Lincoln Continental buried in the sand behind Alison’s guesthouse—and they discover a skeleton still belted in behind the steering wheel. After delivering the money, he would receive clues to help him disarm the bomb. It was one of the most ingenious bank robbery schemes in history, known as Collarbomb by the FBI. It did not go according to plan. Wells, picked up by police shortly after the robbery, never found the clues he needed. Break No Bones Kathy Reichs 2015-02-17 Struggling with a lackluster teaching position at an archeology field school in South Carolina, Tempe Brennan discovers a fresh skeleton among ancient bones and traces leads to a free street clinic where patients are going missing. *The Bayou Strangler* Fred Rosen 2017-10-03 The true story of Louisiana serial killer Ronald Dominique’s ten-year murder spree, the men he slayed, and the detectives who hunted him down. In 1997, the bodies of young African American men began turning up in the cane fields of the quiet suburbs of New Orleans. The victims—many of them transient street hustlers—had been brutally raped and strangled, but police had no leads on the killer’s identity. The murders continued, leaving southeast Louisiana’s gay community rattled and authorities desperate for a break in the case. Then, Detectives Dennis Thornton and Dawn Bergeron came together as task force partners, indefatigable in their decade-long effort to track down the killer. In 2006, DNA evidence finally linked the murders to a suspect: the unassuming Ronald Joseph Dominique, who had lived under the radar for years, working as a pizza deliveryman and meter reader. But who was Ronald Dominique and what led him to commit such heinous crimes? With direct access to the investigation, Dominique’s confession, and all of the killer’s body dump sites in throughout the state, author Fred Rosen enters the warped mind of a murderer and captures a troubled, disturbing, and broken life. As with the many other serial killers he has covered, including Jeffrey Dahmer (the Milwaukee Cannibal) and Dennis Rader (the BTK Killer), Rosen provides a horrifying and fascinating account of the lengths to which a bloodthirsty monster will go to lure and brutalize his victims.

Dave Barry Is Not Taking This Sitting Down Dave Barry 2011-01-26 Pulitzer Prize-winning humorist Dave Barry is a pretty amiable guy. But lately, he’s been getting a little worked up. What could make a mild-mannered man of words so hot under the collar? Well, a lot of things—like bad public art, Internet millionaires, SUVs, Regis Philbin . . . and even bigger problems, like • The slower-than-deceased-livestock left-lane drivers who apparently believe that the right lane is sacred and must never come in direct contact with tires • The parent-misery quotient of last-minute school science fair projects • Day trading and other careers that never require you to take off your bathrobe • The plague of the low-flow toilets, which is so bad that even in Miami, where you can buy drugs just by opening your front door and yelling “Hey! I want some crack,” you can’t even sell your first born to get a normal-flushing toilet Dave Barry is not taking any of this sitting down. He’s going to stand up for the rights of all Americans against ridiculously named specialty “–chino” coffees and the IRS. Just as soon as he gets the darn toilet flushed.

And when Petrosky goes, he's taking that bastard with him. SALVATION: Edward Petrosky joined the Ash Park police force with two goals in mind: escape the military and silence the demons that followed him home from the war.
