2005 The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal

of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the average traveler. The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the

state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants. **Journal of Travel Across the Plains to California and Guide to the Future Emigrant** James S. Shepherd 1978 **Beginner's Guide to Mediumship** Larry Dreler 2002-04-15 For centuries, people have been fascinated by the power and secrets of mediums. And today, many are interested in making

contact with the spirit world themselves--either to communicate with loved ones, heal the sick, or discover knowledge-- but don't know how. Yet, as Larry Dreller writes, "At birth we all are given the gift of seeing beyond this humble Earth plane into other dimensions, but as we grow older we cast this natural ability aside. Mediums did not lose this ability and are people who act as intermediaries between this world and the 'other side'." Both an introduction to this phenomenon as well as a workbook that guides the reader through exercises to reawaken their abilities, the Beginner's Guide to Mediumship shows how to develop spiritual powers, conduct seances, harness the power of prophecy, comfort and heal others, see auras, and more. Drawing on his own

experience, Dreller focuses on pure and practical day-to-day applications of mediumship and how they can enrich readers lives.
