Guide for the Care and Use of
Laboratory Animals National

Research Council 2011-01-27 A

respected resource for
decades, the Guide for the Care

and Use of Laboratory Animals
has been updated by a

committee of experts, taking
into consideration input from

the scientific and laboratory
animal communities and the

public at large. The Guide
incorporates new scientific

information on common
laboratory animals, including

aquatic species, and includes
extensive references. It is

organized around major
components of animal use: Key

concepts of animal care and
use. The Guide sets the

framework for the humane care
and use of laboratory animals.

Animal care and use program.

The Guide discusses the

concept of a broad Program of
Animal Care and Use, including
roles and responsibilities of the
Institutional Official, Attending
Veterinarian and the

Institutional Animal Care and
Use Committee. Animal
environment, husbandry, and
management. A chapter on this

topic is now divided into
sections on terrestrial and
aquatic animals and provides
recommendations for housing

and environment, husbandry,
behavioral and population
management, and more.

Veterinary care. The Guide
discusses veterinary care and

the responsibilities of the
Attending Veterinarian. It

includes recommendations on
animal procurement and

transportation, preventive
medicine (including animal

biosecurity), and clinical care
and management. The Guide

addresses distress and pain
recognition and relief, and

issues surrounding euthanasia.
Physical plant. The Guide

identifies design issues,
providing construction

guidelines for functional areas;

drainage, vibration and noise control, and environmental monitoring; and specialized facilities for animal housing and research needs. The Guide for the Care and Use of Laboratory Animals provides a framework for the judgments required in the management of animal facilities. This updated and expanded resource of proven value will be important to scientists and researchers, veterinarians, animal care personnel, facilities managers, institutional administrators,

policy makers involved in research issues, and animal welfare advocates.
