Metaphorically Selling Anne Miller 2004 You might say that author Anne Miller is like a homeowner who strikes oil while digging a ditch in the backyard. In this book, she shares the knowledge she refined from more than 20 years of distilling metaphors. Her book leaves little doubt that metaphors can fuel the engines of your sales success. Its pages are full of colorful, persuasive anecdotes and analogies that follow one another like racecars coming out of Turn Four at Daytona. If you doubt whether her advice will apply to the rubber-meets-the-road realities of sales, just take Miller's ideas out for a test drive. Her primary expertise is in presentations, not sales, which may explain why her roadmap (note the extended metaphor) to success is so much more creative than most sales advice. Miller's book leaves many other tomes in the dust. getAbstract.com thinks sales professionals who read this book and master the art of the metaphor should get ready to take a victory lap or two.
