Teranesia Greg Egan 2010-12-30 As a young boy, Prabir Suresh lives with his parents and sister on an otherwise uninhabited island in a remote part of the Indonesian peninsula. Prabir names it Teranesia, populating it with imaginary creatures even stranger than the evolutionarily puzzling butterflies that his parents are studying. Civil war strikes, orphaning Prabir and his sister. Eighteen years later, rumours of bizarre new species of plants and animals being discovered in the peninsula that was their childhood home draw Prabir's sister back to the island - Prabir cannot bear for her to have gone out alone and he follows, persuading a pharmaceutical researcher to take him along as a guide.

Cliff Richard Steve Turner 2009-08 Cliff Richard has been Britain's longest

surviving and most consistent hit music maker. Starting his career as a rock 'n' roll threat to decent, upstanding citizens, he is now a friend to Royalty and prime ministers, a Knight, and a holder of the OBE. This book tells his story chronologically, through the voices of his friends, family, and colleagues including songwriters, film directors, managers, and agents—like listening in on a dinner party attended by most of the key people in his career. The stories reveal Cliff as seen by those closest to him and, in contrast to the many official publications, this book does not just include the flattering stories. The author's probing questions have elicited extraordinary memories and observations, previously unheard by the public. Heavily illustrated with rare and interesting photographs of Cliff at work and play, this unique oral history will stand as a lasting testament to one of the most glorious careers in British show business.

Notes from the Hyena's Belly Nega Mezlekia 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Fire in Montana Greg Martin 2006-05 In the summer of 1949 fifteen smokejumpers parachuted into a remote Montana canyon called Mann Gulch. It started as a very small fire in rugged country but within two hours after landing, thirteen of these young men were caught in a raging inferno and were killed. They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young

smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.

Knife Music David Carnoy 2010-07-08 The novel pits Ted Cogan, a forty-three-year-old surgeon and self-described womanizer, against Hank Madden, a handicapped veteran detective. From the outset it's not clear who is victim and who is victimizer, as the usually dispassionate Madden grapples with his long-suppressed prejudices and his obsession with bringing Ted Cogan to justice at any cost. It all leads up to the most stunning surprise ending since Scott Turow's *Presumed Innocent*.

The Return of the Mother Andrew Harvey 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of

Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. *The Return of the*

Mother is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and

human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has

once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern

about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
